COURT ASKED TO REVERSE ITS DECISION

Attorneys for Mrs. Elizabeth Finney Wednesday filed with the Adams County court a motion to "take off the nonsuit" in the trespass action of Mrs. Finney against the G. C. Murphy Co.

Trial of the case ended suddenly Tuesday afternoon when the court directed a "compulsory nonsuit," ruling that Mrs. Finney had failed to make out a case against the Murphy store which showed negligence on the part of the store when Mrs. Finney fell and broke a hip there several years ago.

In their motion Attys. Arthur Berman and Walter F. Miller, of Harrisburg, and Eugene R. Hartman, Gettysburg, asked the court to remove the nonsuit, which would mean a new trial, claiming "the court erred in entering the nonsuit, the court erred in holding the defendant not guilty of negligence as a matter of law" and "the court erred in not ruling the plaintiff made out a prima facie case of negligence."

The motion asked that the record of the trial be transcribed and asked that 30 days be granted after transcription of the record for the attorneys to file additional reasons in support of their motion.

Today the court signed an order that the motion and order be filed, that the evidence be transcribed and that the attorneys be given 30 days, after notification that the evidence has been transcribed, to file additional reasons in support of their motion.

6,000 LETTERS CARRY EASTER SEAL APPEALS

Approximately 6,000 letters carrying the annual Easter Seal appeal of the Adams County Society for Crippled Children and Adults were in the mails today opening the society's annual appeal for funds that will continue through Easter.

The letters went out of the signature of the society's Easter Seal chairman, Mrs. Edgar K. Markley. The letters are accompanied by sheets of the 1961 Easter Seals.

"The goal for our Easter Seal sale this year is \$4,000," Mrs. Markley said. "The society needs that much to pay for all of the services provided here each year for the approximately 100 handicapped youngsters in the county. It does not seem like a very large amount compared to sums spent for many other things that not nearly as vital."

"EASY WAY TO HELP"

"What can be more important than helping a crippled child to walk?" Mrs. Markley asked. Contributions to Easter Seals provide an easy way for everyone to help crippled youngsters here and throughout the state and nation for a part of the money we gather here goes for state summer camps and for research at the national level.

"These services are necessary if these children are to get rid of their crutches, braces and wheelchairs. And until the day when those aids can be laid aside—and for those who never can gain full use of their limbs—there must be money for braces, crutches, special shoes, wheelchairs, trips to clinics and summer camps.

"One disturbing thing about our seal sale each year," Mrs. Markley said, "is that only about 15 per cent of the people receiving our appeal respond. If each family and organization receiving our appeal would respond, our crippled children would be speeded on their road to be like other youngsters and help for others can be expanded.

"The 1961 Easter Seal appeal opens today and runs until Easter Sunday, April 2. We hope, and so do the children depending upon Easter Seal services, that this drive will be successful," Mrs. Markley said.

BEGINS SERIES ON AIR TONIGHT

The special guest on "Home Town Story" on WGET this evening at 7:15 o'clock will be Mrs. Robert Seckler, a recent visitor to Gettysburg and a sister of Attorney H. Thomas Pyle, McSherrytown. Mrs. Seckler spent the last three years in Burma where her husband is director of the American-Burma Institute for the U.S. Information Agency.

She returned to Burma last week. While in this country she was interviewed by Mrs. William M. Lott for the AAUW-sponsored program on WGET. She also visited her parents, Mr. and Mrs. (Continued On Page 2)

Three Blasts In Chemical Plant Rock Baton Rouge

BATON ROUGE, La. (AP)—Three explosions in a chemical wash house rocked the big Ethyl Corp. plant today, injuring 31 workers.

A company statement said later two men were missing. Their names were withheld.

An Ethyl spokesman, reached at the plant, said six men were sent to city hospitals, and 25 others were treated at the plant medical center. He said as far as he could determine there were no deaths.

About 3,000 workers are employed in the big chemical center.

RAIN OF BRICKS

The first explosion destroyed the brick 2½-story wash house, used to take impurities out of various chemicals.

Bricks rained over a wide area. J. D. Adams, an iron worker in the plant, said two or three men usually worked in the wash house.

"Everybody was told to get out," he said. "They were afraid of more explosions."

BIG YELLOW CLOUD

Adams said the men really started moving when the second explosion occurred. A third blast followed about five minutes later as workers ran the mile or so to safety.

A big, yellowish cloud spread over the area. A plant spokesman said what fumes there were drifted westward across the Mississippi River, away from the population area.

Only emergency traffic was allowed to go through the area which is the heart of the big petrochemical plants. The plants extract various chemicals from petroleum.

STAFFER SERVICES HELD

Funeral services for Harry T. Stauffer, 86, 20 E. Middle St., who died Monday morning at the Warner Hospital, were held at the Bender Funeral Home this afternoon at 2 o'clock with the Rev. Dr. Paul L. Reaser, St. James Lutheran pastor, officiating. Interment was made in Evergreen Cemetery. The pallbearers were Clifford Naugle, John C. Bream, Myles Kleinfelter, Donald Weikert, Howard Maring and William H. Pensyl.

Church Damaged By Smoke Wednesday

Bonneauville firemen were called Wednesday afternoon at 3:30 o'clock when smoke filled St. Joseph's Catholic Church.

Firemen discovered the pipe from the furnace to the chimney had fallen permitting smoke to go into the church instead of the chimney.

While no fire occurred smoke damage was reported as "extensive." It is anticipated that insurance will cover the cost of necessary repainting and cleaning.

BOY SCOUTS HAVE \$1,876 TOWARD GOAL

Contributions to the campaign to raise \$5,900 for the Boy Scouts in the Black Walnut District now total \$1,876, according to reports presented Wednesday evening at a meeting of the district committee at the engine house, E. Middle St.

Jack Orner, Arendtsville, chairman of the house-to-house canvass in the area outside Gettysburg, said his organization is complete with more than 180 solicitors making their canvass in the various communities. Heidelberg area has completed its drive, he said, while some others are getting under way. So far \$326 has been turned in by the local committees. Scout Executive Stanley C. Rogers, reporting for the special gifts committee, which began its operations about six weeks ago, reported it has secured \$1,550.

The district committee voted a resolution of thanks to the Exchange Club for donation of a movie projector. The equipment was the first donated to the district in more than four years and the second piece of equipment given with the memory of the members of the district committee.

PLAN FOR TRAINING

Attorney Edward B. Bulleit, Attorney Daniel E. Teeter and Rogers were appointed to draw up regulations on use of the projector.

Attorney Bulleit, a member of the York-Adams Council Committee, reported on preliminary plans of the council to "winterize" two more cabins at Camp Tuckahoe. He said the camp was in use by Scout units "solidly throughout the winter."

Preliminary plans were announced for the operating camp. (Continued On Page 2)

JUNIOR HIGH PUPILS WILL GIVE 4 PLAYS

An evening of comedy, pathos and drama is promised Friday when Gettysburg Junior High School students will present a series of four one-act plays in the school auditorium. Curtain time is 7:30 o'clock. No seats will be reserved and tickets may be secured at the door.

The plays are being presented for the benefit of the Student Exchange program with members of the Mask and Wig Club assisting Miss Ruth McIlhenny and Mrs. Charles Smith in directing the productions.

The comedy will be "Make Room for Rodney" and will be the first of the plays. A rollicking story of young people, its cast includes Renfred Zepp, Lida Dunkelberger, Louise Cronlund, David Neth, Cheryl Shaffer, Lucinda Street and Michael Her-ring. Carolyn Hull and David Johnson are the student directors.

DRAMA ON MENU

"The Long Silence" is a drama which tells the story of a fugitive who bursts in on two women living in a fisherman's cottage off the Maine coast. One of the women, a helpless mute, overhears a conversation involving a murder plot and tries to warn her sister. That cast includes Linda Simpson, Nancy Kuhn, Merial Hartman, James McIlhenny, Edwin Elliott and Gilbert Kujovich. The student directors are Sanford Hyson and Brenda Minter.

The next play will be "More Perfect Union," described as a moving story of a girl "from across the tracks" who is married by members of a high school club only because she is a foreigner. Phyllis Ackley, Tem Bulleit, Demaree Deardoff, Diane Doyle, Sheryl Jackson, Lindgren Johnson, Nancy Murdock, Kay Newman and Anne Stahl are cast as members of the high school group. Virginia McClelland is the assistant director.

The final production will be "Mr. Vincent," billed as a fascinating story of a girl who prefers paints and canvases to a dancing gown. Robert Selby, Stuart Bloom, Sharon Sprankle, Virginia Deardoff, Leslie Shainline, John Tawney and Nancy Rosenberg are in the cast. Barclay Collins and Gudrun Rice are the assistant directors.

SOLICITORS FOR RED CROSS ARE LISTED

The first roster of solicitors for the current fund drive by the Adams County Chapter of the Red Cross was issued today by Campaign Chairman Luther W. Ritter, Littlestown. Others of the hundreds of Red Cross workers will be announced later.

The canvass for \$8,500 from Adams County outside the Gettysburg Community Chest territory was begun this week and is to be completed by mid-March.

Today's list of solicitors follows:

CO-OP TO MEET ON MARCH 9

The 27th annual meeting of the Adams County Farm Bureau Cooperative Association will be held in the Gettysburg High School cafeteria at 7:30 p.m. Thursday, March 9. A report will be made to the stockholders on the operations of the farmer-owned organization.

G. Marion Stambaugh, manager, said that the terms of five directors expire at the meeting and one director will be elected from each district. Those completing their current terms are: Dorsey Eckert, R. 5, Gettysburg district; Clarence Waybright, R. 2, Barlow district; Howard Diehl, Fairfield R. 1, Fairfield district; Clyde Wilson, R. 3, McKnightstown district; and Mark Stock, New Oxford R. 2, New Oxford district.

Following the report of the nominating committee, additional directorship nominations will be accepted.

Refreshments will be served and a door prize will be awarded after the meeting.

Stambaugh urged stockholders and other interested persons to attend the meeting.

Reject Plan For A Larger School

A request by the Carroll County commissioners that the board of education reconsider and build an eight-room addition at the Taneytown Elementary School rather than the four-room addition contracted for was defeated by a 3-2 vote of the board Monday at the county administration building.

A letter from the commissioners stated that they were willing to provide the funds if the board felt the larger addition was needed at this time to better educational facilities in Taneytown. The letter said that 64 persons representing 14 civic and community organizations in Taneytown met recently to give their approval and support to the eight-room addition. The letter further said that perhaps because of this interest and the fact that the money was available the board should study this question once again.

Lumumbists Kill Three And Troops Retaliate, Killing 44 Civilians, U.N. Reports

By PATRICK MASSEY
LEOPOLDVILLE, the Congo (AP)—Rampaging Congolese soldiers killed 44 civilians in bitter street fighting at Luluabourg, the United Nations reported today.

The troops ran wild through the town after three of their comrades had been killed and three wounded by a pro-Lumumbist mob.

The violence boiled over in the aftermath of last week's takeover of the capital of Kasai Province by Lumumbist troops from Stanleyville. These troops pulled out two days ago and left the town in a ferment.

Luluabourg, 400 miles east of Leopoldville, was the scene of tribal clashes in the days just after the Congo gained independence from Belgium last summer.

The United Nations reported that after the battle Wednesday some 1,000 civilians sought U. N. protection.

AMBULANCE EQUIPMENT AUGMENTED

The ambulance board of the Gettysburg Fire Department, meeting Wednesday evening at the engine house, authorized expenditure of up to \$150 for installation of equipment in the two ambulances which will provide conversion from battery power to 110-volt power and thus permit use of the "plastic lung" in the ambulances.

Need for such an installation was discovered when it was necessary to move a patient from Gettysburg to a Baltimore hospital who was unable to breathe for himself. Hand operation of the "lung" was used successfully but it was decided at that time to secure equipment to provide electric power in case of future need or if ambulances are called to drowning victims and artificial breathing apparatus is needed.

GIVEN CONTRACT

Charles Lupp was given the contract for placing the electric power conversion device. The installation will provide one mechanism which can be moved to either ambulance, plus wiring installations which will remain permanently in the two ambulances.

With the new device scheduled to be installed by March 30, that date was set as the time for the next training session of the ambulance corps so that all 50 members may learn to operate the new equipment.

The board voted to purchase four new white coats for use by the ambulance drivers thus permitting some to be cleaned while others are in use.

TWO CARS DAMAGED

Cathryn McClell, Biglerville, while driving out of a parking stall in the first block of Chambersburg St., Wednesday struck the right side of a Dodge driven by Robert W. Hayman, Northbrook, according to a borough police report.

The report said the woman's car was damaged about \$5 while the Dodge sustained about \$90 worth of damage.

REPORTS LOCAL MISHAP

James F. Slaybaugh, Carlisle St., reported to borough police Wednesday that someone struck the left side of his car which was parked on Carlisle St. late Friday night or early Saturday morning.

LODGE MEETS TONIGHT

The Gettysburg Moose lodge will meet this evening at 8 o'clock at its home on York St.

COUNCIL TO MEET

Gettysburg borough council will meet Monday evening at 7:30 o'clock in the council chambers in the engine house, E. Middle St., Secretary Anna B. Dracha has announced.

Will Sponsor Day Of Recollection

At the monthly meeting of the Ladies' Sodality of St. Joseph's Catholic Church, Emmitsburg, Monday evening it was decided to sponsor a day of recollection for its members and other Catholic women on Sunday from 11 to 5 p.m. at St. Joseph's monastery in Catonsville, Md. Reservations and further information may be obtained from members of the committee in charge: Mrs. Paul Sherwin, Mrs. Henry Gerken and Mrs. James Adelsberger. It was also decided that the business part of future meetings will always be concluded at 8:45 p.m.

There were 32 members present at Monday's meeting, presided over by Mrs. Curtis Topper. The following joined as new members: the Misses Gertrude Hotelling and Shirley Dutrow, Mrs. Patrick Warthen, Mrs. Robert Warthen and Mrs. Rita Stahley.

LIST PATRONS WHO GOT NEW P.O. ADDRESSES

Postmaster Jacob G. Appler made available today a list of the more than 400 Gettysburg rural route residents whose addresses were changed when Route 6 was inaugurated on February 18.

He has prepared the lists of patrons whose addresses changed for the convenience of businesses, utilities and others who regularly send mail to all or most of the rural residents served by the local postoffice.

In the following list appear only those whose addresses changed. Persons who were on Routes 1 through 5 and whose route numbers remain the same are not included. The list includes all of those served on the new Route 6.

PUPILS WILL GIVE OPERETTA

Grades Four, Five and Six of the Biglerville Elementary School will present an operetta entitled "Loco Burrito" Friday evening at 7:30 o'clock in the school auditorium.

The children will perform under the direction of Miss Joyce Kendeheart, Mrs. Herbert Lady, Mrs. Ellis Campbell, Donald Bushey and C. William Settle.

The story takes place in a little Mexican village during fiesta time. The major, portrayed by James Rudy, is miserably jealous of deFlora's, Philip Lobaugh's garden. Tomas, son of deFlora's, and Francesca, daughter of the mayor, are quite fond of each other.

While in the plaza, Vincent Burke, playing the part of Tomas, mentions to the mayor that his father is buying some new plants and the mayor is stung with jealousy, setting off a series of events involving the "loco burrito" or donkey which brings much advice from Francesca, portrayed by Patricia Boyer, and her many friends as to what to do to cope with this dilemma.

Eventually Tomas is able to present a beautiful plant to the mayor who is so overwhelmed that he apologizes to Tomas and labels him a true gentleman. Many dances and songs intersperse the action.

School patrons are invited to attend and to consult with the school staff following the presentation.

ELECTED TO GLEE CLUB

David L. Minter, son of Mr. and Mrs. Edwin L. Minter, 709 Fairview Ave., was elected a member of the glee club of the Mercersburg Academy, according to a recent announcement by Earle H. Grover, director of glee club and instrumental music. This organization, chosen by tryouts in the winter term, participates in several concerts at the academy and at nearby schools during the spring.

MANY ARE INJURED

There was no immediate report of any Europeans among the dead. Figures for injured were not known at U. N. headquarters.

The fighting raged through most of Wednesday but the U. N. reported that by 8 a.m. the town was quiet again.

The 1,000-strong contingent of U. N. Ghanian troops in Luluabourg took no part in the fighting. After the fighting in Luluabourg, though officially

CUMBERLAND SUBDIVISION CONTROL PLAN IS REVIEWED

About 25 residents of Cumberland Twp. turned out Wednesday evening for a public hearing on the land subdivision control resolution which the township's planning commission has asked the township supervisors to adopt.

Township supervisors will hold their monthly meeting Saturday and may discuss the measure but members of the board indicated after the hearing it is unlikely that final action on the resolution will be taken at that meeting.

Attorney John A. MacPhail read most of the lengthy resolution and some of the township residents gathered at the West St. branch of the Gettysburg National Bank for the hearing had a few questions. No opposition to the measure developed.

ZONING NOT INVOLVED

The hearing was conducted by the township supervisors with Col. Thomas H. Nixon and John D. Teeter of the planning commission on hand to answer questions. Mr. MacPhail is counsel for the supervisors.

In his introductory remarks, Wayne Cluck, who presided as a member of the board of supervisors in the absence of Board President Ross Crouse, explained the resolution does not involve zoning, reviewed problems that can arise from lack of planning and said the supervisors have not been subjected to any "pressure" on this resolution.

Mr. MacPhail explained the resolution will not affect subdivisions or developments in the township which already have been approved but would apply to all future developments or subdivisions. The question was raised as to when a real estate owner becomes a "subdivider" and Mr. MacPhail expressed the opinion that the owner's intent when he sells a lot or other piece of land would be the determining factor.

UP TO SUPERVISORS

The resolution generally provides for submission of preliminary and final plans for developments for study by the supervisors, review by the planning commission and final action by the supervisors. Streets, sewers, curbs and utility services would be provided without cost to the township and curbs and pavements could be required or waived by the supervisors.

Matters of procedure and jurisdiction are outlined in detail in the measure and provision is made for court appeal from supervisors' decisions.

Fees are provided and include a \$10 filing fee on preliminary (Continued On Page 2)

RELIGION FOR RETARDED IS MEETING TOPIC

The Rev. Donald R. Piper, 1960 graduate of the Gettysburg Seminary and current chaplain of the Lutheran Inner Mission Society, Washington, D. C., spoke to the Adams County Chapter of the Pennsylvania Association for Retarded Children Tuesday evening. His topic was "Religious Education in the Life of the Retarded Child."

Chaplain Piper stressed the church's obligation to effectively serve handicapped people as well as those who are normally developed. In Sunday School classes for retarded children it has been demonstrated that they are able to grasp, on a simplified level, some of the basic beliefs of the Christian Church and live happier lives with a sense of knowing the difference between right and wrong, he said. He pointed out that it is not unusual for an older retarded child to desire to take Communion with his parents. Some churches are taking steps to provide confirmation instruction so that they may do so. In small and large communities alike, the services to retarded children are usually performed through the combined efforts of several churches, as one or two churches alone probably would not have enough for a class.

After discussing the need for religious instruction, Chaplain Piper developed an agenda for a Sunday School class and ways to help a child grow religiously in his home. The most important thing in both situations is the presence of a Christian atmosphere abounding in love and understanding, he said.

To demonstrate an effective Sunday School program for retarded children, Chaplain Piper presented a tape recording of the agenda one Sunday School teacher uses and showed a filmstrip and homemade slides which have proved to be "excellent teaching aids." He also presented some flannel graph material but pointed out that generally this method does not hold their interest as well as the filmstrip and slides. Methods in teaching songs, prayers and Bible stories were also outlined.

In discussing religion in the home, Chaplain Piper elaborated on the following ideas: A simple prayer before all meals; nighttime prayer before bed, thanking God for His care, sorrow for things done wrong, asking help to do better; special prayers during illness, etc.; pictures of Jesus on the wall; Bible where it can be easily seen and consulted; simple devotional periods of reviewing handwork papers; Bible lessons, looking at religious pictures and books and listening to records; expressed approval when a child does some good deed; the Christian atmosphere in the home; daily mention of Jesus and God; and looking forward as a family to Sunday.

An informal discussion period and social hour followed Chaplain Piper's presentation.

GIRL SLAYER WELL GUARDED

NEW YORK (AP)—Authorities today rushed a murder indictment against child slayer Fred J. Thompson as relatives and friends gathered for funeral services for his victim, 4-year-old Edith (Goo-gie) Kiecorius.

The service at St. Rose of Lima Church in Brooklyn was a Mass of the Angels—customary Roman Catholic rite for small children.

Miles away in the Bronx, the 59-year-old sex killer was held in a maximum security cell in the municipal men's house of detention.

The cell was kept lighted and he was under constant guard. Jailors were taking no chance that he might harm himself or that other prisoners might harm him. In Manhattan—where little Goo-gie was raped and beaten to death—the case against the alcoholic vagabond was pressed with extraordinary speed.

An indictment was possible late today—only two days after Thompson was arrested on a New Jersey chicken farm where he had gotten a job.

The grand jury began hearing evidence against the confessed killer Wednesday. One of the five witnesses was Goo-gie's uncle, Manuel Duckert, whose home she was visiting when she was kidnapped from the sidewalk on Washington's Birthday.

LENTEN FILM FRIDAY

The religious committee of the Seton Catholic Youth Organization, Emmitsburg, will present the third of its religious films for Lent Friday night at 8:15 o'clock in St. Joseph's high school. The movie will be a 50-minute color film, of the "Manifestations of Our Lady at Fatima in 1917." There will also be a short film on the work of the Maryknoll Fathers in Japan. Mrs. George Arnold is adult advisor to the committee. Lawrence Orendorff and Theresa Weedon are conducting the program.

PEACE TALKS BID ACCEPTED

By STEPHEN HUGHES

RABAT, Morocco (AP)—The Algerian rebels today accepted French President Charles de Gaulle's bid for peace talks to end the long and costly Algerian war. Direct negotiations appeared imminent.

The rebels insisted on their goal in the 6 1/2-year war: Independence from France. They softened it somewhat by saying that Morocco, Tunisia and Algeria are planning to join in a loose federation retaining friendly ties with Paris.

The rebel announcement came in a joint communique issued after talks here between the Algerian nationalist leaders and their two neighbors and supporters, Tunisia and Morocco. Rebel Premier Ferhat Abbas conferred with King Hassan II of Morocco and President Habib Bourguiba of Tunisia until just before dawn.

Bourguiba had come directly from Paris bearing a new offer for talks from De Gaulle.

French Information Officer Louis Terrenoire disclosed in Paris that De Gaulle told Bourguiba France is no longer insisting that the rebels lay down their arms before negotiations take place. A cease-fire would have robbed the Algerian nationalists of their main political weapon, which is the war itself.

The two sides see the negotiations differently. The rebels want to talk only about independence. De Gaulle, Terrenoire said, wants to discuss "the conditions for self-determination."

Brenda Minter, a high school senior who has had experience as a baby sitter, talked to the members of the Seventh grade baby sitting class at the YWCA Wednesday afternoon.

"Common sense is your best guide. You must command the respect of the children you are taking care of and you must discipline them when necessary," she said. She told the girls they should always know where the parents of the children under their care have gone so that they could be called in an emergency. As a final tip, she urged the girls "to try to keep the house in order for the parents will appreciate it when they come home."

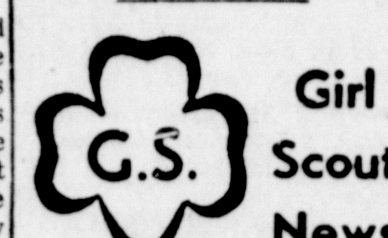

Next week the class will hear Mrs. Robert Diehl, a registered nurse.

mitties of the district organization to attend, as units, training sessions at the national Boy Scout leaders' training camp at Mendon, N. J., in the next two years. Each committee would go during a weekend when instruction is given on its specialty.

SCOUT ADVANCE

As a result of a commissioners' training session at Tuckahoe last weekend, all 12 of the present commissioners in the district are now trained. District Chairman Charles Ritter reported. He added that two new commissioners have been secured as of Wednesday and several additional prospective commissioners are expected to join.

As a result another training session will be arranged in the near future.

Four Scouts were advanced to higher rank at a district board of review held prior to the district committee meeting. Advancement Chairman Donald L. Carver reported that R. A. Maitland and Neil Leister, both of Troop 84, Littlestown, were advanced to Star rank. Gregory Eisenhart of Troop 75, Idaville-Gardners, and Philip Yasovsky of Post 75 were advanced to Life rank. He announced that 101 advancements were reported by the Cubs, Scouts and Explorers during the first two months of this year, a record for a two-month period.

Elect Sundermeyer To Dramatic Group

plans with a \$2 charge for each unit so that a development of 20 lots would involve preliminary fees of \$50. There is also a \$1 per unit fee on final plans, or an additional \$20 for a 20-lot plan.

LOT SIZES COVERED

The resolution sets a minimum of 200x200 feet for lots served by neither municipal water or sewer lines. Where one service is available the minimum lot size would be 100 by 200 feet. Blocks may range from 500 to 1,200 feet in length and at least two lots wide. Grade requirements are set forth and minimum widths of various types of streets are specified.

Provisions for recreation areas are required in various-sized developments.

OTHER RULES APPLY

It was pointed out that while sales of single lots, not involved in subdivisions, would not come under the proposed resolution, such properties would come under the sanitation ordinance of the township and a building permit would be required.

Col. Nixon explained the purpose of the resolution is to bring "orderly development" of the township and said in answer to a query as to whether the proposal is "too ambitious" that it is patterned after ordinances used in many other growing communities across the nation. A question was raised as to whether lot sizes where sewer lines are not available are large enough to provide adequate septic tank beds.

CIVIL RIGHTS MOVE COMING FROM KENNEDY

By JOHN CHADWICK
WASHINGTON (AP) — President Kennedy's first executive order in the civil rights field is expected to be aimed at discriminatory hiring practices by the government and by federal contractors.

Congressional sources, although not professing to know just what form the order will take, said today there are a number of steps open to the President through executive action.

Kennedy said at his news conference Wednesday that in the next few days he hopes to issue an order that "will strengthen the employment opportunities, both in and out of government, for all Americans."

NEGROES COMPLAIN

He gave no details, but some sources indicated they expected the President's order would call for tighter enforcement of existing bans on racial discrimination in employment practices.

Negroes have complained that within the federal government itself, despite policy statements to the contrary, they have equal job opportunities in very few agencies and even less equality with respect to promotions.

Kennedy's forthcoming order might direct all federal agencies to adhere strictly to a nondiscriminatory policy both in hiring and promoting employees, and require establishment of compliance offices in each bureau.

OTHER POSSIBILITIES
In the field of government contracts, he might order inspectors to see that nondiscrimination clauses are complied with as well as other terms.

Some sources said the order might also call for extension of such clauses by prime contractors to subcontractors and the cancellation of contracts if discriminatory practices were found.

Kennedy may envision a more active role for the government contracts committee, headed by Vice President Lyndon B. Johnson and in the previous administration by former Vice President Richard M. Nixon.

The committee, set up by former President Dwight D. Eisenhower, has no statutory authority but seeks to prevent discriminatory practices by federal contractors.

Wary GOP Leaders Meeting With JFK

WASHINGTON (AP) — Wary Republican leaders join their Democratic counterparts today in the first bipartisan meeting with President Kennedy.

Kennedy invited 15 congressional leaders and Vice President Lyndon B. Johnson to lunch for what promised to be a discussion of international affairs as well as his domestic legislative program.

While they indicated in advance their general support for Kennedy's foreign policies, Republican chieftains made it clear they expect to maintain their opposition to some of the President's domestic programs.

The Senate Republican leader, Everett M. Dirksen of Illinois, said that if Kennedy wants to know about GOP views on some of these latter proposals "I will give him a good, honorable answer."

Reading Hopes To Increase Earnings

PHILADELPHIA (AP) — The Reading Railroad hopes to improve its earnings through better service and facilities in the Philadelphia area.

President E. Paul Gangwere said Wednesday, "gains made in operating efficiency, better equipment and harder selling will play a vital role in improving earnings of the reading."

The railroad's net earnings last year, previously reported, totaled

KENNEDY PLAN ON DEPRESSION HIT BY C. OF C.

WASHINGTON (AP) — The U. S. Chamber of Commerce said today President Kennedy's program for chronically depressed areas would create no jobs and lead to "gross inequities and discrimination."

Robert P. Lee, Connecticut Light and Power Co. executive, spoke for the chamber in testimony prepared for a House Banking Subcommittee. The group is considering an administration bill for a \$389.5 million program, with emphasis on loans to provide factories and facilities in areas with persistent high unemployment.

"PIRATING INDUSTRY"

Lee said Kennedy's own task force, in detailing the causes of chronic depression, mentioned no factor that could be helped by "the construction of industrial buildings."

"Is it not then cruel to delude these areas with the promise of help that cannot answer their need?" Lee asked.

Lee also contended there is no way in which Congress can write an industry-incentive law without encouraging the pirating of industry by one area from another.

"You cannot effectively create jobs in this program, you can only move them from one area to another, and even that device will not work in the areas of most serious long-term distress," he said.

JAILED WOMAN WILL BE BAILED

PHILADELPHIA (AP) — The district attorneys of Philadelphia and Atlantic County, N. J., have agreed to allow the release today of Miss Lillian Reis, charged with murder and burglary, on \$10,000 bail.

Miss Reis, 32, who formerly danced in the chorus line of the Celebrity Room night club which she now owns, had been arrested Friday and held without bail on a warrant issued by New Jersey officials which holds a murder indictment against her in the slaying of Vincent Blaney.

Meanwhile, Paul M. Chalfin, acting Philadelphia district attorney, said that Augustine Repetto, Atlantic County prosecutor, is moving ahead with extradition papers in efforts to get Miss Reis back to New Jersey.

Also charged in connection with the murder are John C. Berkery, now in a Pottsville jail awaiting trial on the burglary charge there, and John J. Dillon, in jail in California on other charges.

Police have said that Blaney, who also was a defendant in the burglary at the home of Pottsville coal operator John Rich, was killed near Atlantic City last Au-

Liquor Sales Hit An All-Time High

HARRISBURG (AP) — The dollar sales volume of the State Liquor Control Board reached an all-time high of \$287,812,221 last year.

The board reported Wednesday that this figure compared to the previous high of \$279,936,075. It said the figures included the state 10 per cent tax on liquor but not the 4 per cent sales tax.

Totalling revenue going to the state's general fund was \$86,742,613. The figure included \$49,089,158 in profits on store sales; \$26,148,195 from the 10 per cent alcoholic beverages tax and \$11,505,259 from the sales tax.

The 661 state liquor stores reported volume sales of distilled beverages increased 2.18 per cent and wine sales increased 4.94 per cent.

Burns, said such a system would combat the nation's teacher shortage and lift outstanding teachers to a salary level comparable to leaders in other professions and in business.

Burns gave his views in testimony prepared for the Senate Commerce Committee, which is holding hearings on a bill to authorize federal grants of \$1 million to each state to build and equip educational T.V. stations. Burns strongly endorsed the bill.

The Senate twice has passed the educational TV bill only to have it die in the house.

Parents Stunned By Ambush By Son, 15, Both In Hospital

LOS ANGELES (AP) — "I don't know how it could happen. This is my son. This is little Terry, my son, my son!"

Harry J. Wiggins, 42, stared at the ceiling in Queen of Angels Hospital Wednesday, where he is under treatment for bullet wounds in his left wrist and hip.

He was shot by his son, Terry, 15, Wiggins was at a loss to explain it all.

AMBUSHED IN GARAGE

In another part of the hospital was Wiggins' wife, Florence, 36 — Terry's stepmother. She was hit in the wrist, abdomen, hip, and twice in the back by her stepson's bullets.

Police say the teen-ager ambushed the two adults Tuesday night in the garage of their upper middle-class home in suburb.

HARRISBURG (AP) — Gov. Lawrence's proposals for requiring trucks to use low gears on hazardous grades and setting uniform standards for brake linings on motor vehicles were approved by the Senate Tuesday.

The low-gear bill was approved 49-0 and the brake lining plan was adopted 48-1, with Sen. John J. Haluska, D-Cambria, dissenting. Both measures now go to the House.

At Juvenile Hall, where Terry is held on charges of assault with intent to commit murder, the teen-ager offered his own explanation: "They have been on my back since I got picked up for burglary in January. Sunday, mom was on me for not doing the window washing. Before that, it was dad, for not taking care of the pool we've got in the backyard."

"I decided to shoot them last week, but Monday they were real nice to me so I didn't. Tuesday, though, mom got on me about a dirty fork after I washed the dishes. So I went back to school and planned it out."

U. S. Orders Gas Masks For

Use Of Civilians: Washington —

The war department disclosed today that it had ordered a "limited quantity" of low cost gas masks for non-combatants.

Officials said the masks were designed to meet the requirements of a military commander in providing protection against gas for non-combatants remaining in areas under military jurisdiction and control.

"The non-combatant gas mask, however, is of a type which the war department believes would be suitable for general civilian use," a formal announcement said.

"The mask provides protection against all known war gases in the same manner as does the service gas mask issued the troops, but is not designed for the long life and rugged use of the service gas mask."

Historians Of State To Meet Here In October: Preliminary arrangements have been completed for the 1941 meeting of the Pennsylvania Historical association in Gettysburg on October 24 and 25. Headquarters will be at the Hotel Gettysburg.

The meeting will begin with a luncheon at noon on Friday, October 24, and will close with a tour of the battlefield in the afternoon of October 25. The 1940 meeting was held in October at State College.

Gettysburg Will Be Host To 4,000 At Conventions: State conventions coming to Gettysburg this year will attract an estimated 4,000 persons during convention days and will bring many organization officials here on numerous preliminary visits.

The three state conclaves coming: The annual encampment of the Pennsylvania department of the Grand Army of the Republic with all its affiliated organizations; the state convention of the Rural Letter Carriers' association with its women's auxiliary and junior branch; and the 1941 meeting of the Pennsylvania Historical association.

Local Scouts May Enroll As Forest Guides: Gettysburg Boy Scouts who are interested in qualifying as forest guides may enroll through District Scout Commissioner Jack Cessna, that scout official announced today as he reported approval of the forest guide plan by the state Department of Forests and Waters.

Applications will be handled through the troops as the boys apply for designation as a forest guide and the right to wear a special guide's medal. To complete the application the scout must agree to sign a pledge in which he will promise to do what he can to prevent and extinguish forest fires and to urge others to protect forests and wild life.

\$400,000 Value Put On Spring Construction: One of the biggest spring building programs in recent years is getting under way in Gettysburg and Adams county, a survey disclosed today, with the total value of new construction and extensive remodeling approaching the \$400,000 mark.

Besides work already started or contracted for, many builders in the county said there are other construction jobs in the offing that have not yet reached the stage where announcement can be made of plans. Work underway or already contracted for totals upwards of \$384,000.

Red Cross Issues Call For Finished Sweaters: The Red Cross Office today issued a call for all finished sweaters and unused yarn to be turned in as soon as possible so that the last shipment of sweaters under the first quota for the county chapter may be made very soon. The 140 sweaters expected to be sent this time will send the county production total over the quota of 375 garments.

Unused yarn is to be turned in instead of being used to start new

Today's Talk

INVISIBLE CURRENTS OF LOVE

I believe that silent influence is very great.

Great because there can be no influence at all without a background of achievement and worthy works from which to reflect.

No matter how long we live, we learn that the number we are able to influence greatly must necessarily be very small—and the number of those who become extremely dear to us is still smaller.

After several thousands of years, we find that we know very little about ourselves. We hold power but the sources we have only tapped, as yet.

I believe it possible to send intelligently, invisible currents of love across great distances, and have them received by those for whom they are intended.

I often send these invisible messages to the little group I love—scattered as they are—and I am certain that many, and maybe all, come back to me and help to build the moments of happiness and beauty that are mine so often.

Who knows but what, happily awakening in the morning, a mother's love from vanished lips has not touched one's sleeping eyes and made one feel the love of all the world.

When we feel, we start the dynamo of our beings to work—storing currents of love, for all able to be made happy by it.

Never in all the history of the world has there been such a need for invisible currents of love. The very air should be charged with them!

You have them. Why not help?

Tomorrow Mr. Adams will talk on the subject: "The Greatest Manager."

Just Folks

THE TYRANT

You domineering little tyke
Serenely grabbing what you like,
And making plain by grunt and shriek
The glittering baubles that you seek;
Have you conceived the notion
That you're rightfully an autocrat?

At one year old you begun
To think you rule the moon and sun?
Must I, your father, give to you
My precious watch of gold to chew,
And calmly say: "That's what it's for?"
The times you bang it on the floor?

Because you will, must we obey?
Must I put down my book to play,
Do this or that to suit your whim?
Look here, you chubby cherubim,
I'll have you know how'er you yell,
We grownpus have some rights as well!

Well, well, if you are going to cry
Of course I'll put the volume by,
And here's my watch for you once more;
Take it and throw it on the floor.
I guess you're right. In every case
A baby always rules the place.

WANT STUDY OF FISCAL OFFICES

HARRISBURG (AP) — Democrats who will take over the state's fiscal offices May 1 say they cannot understand why the present Republican officers will not allow a survey of their records.

Mrs. Grace M. Sloan of Clarion, the state treasurer-elect, and Thomas Z. Minehart of Fort Washington, the auditor general-elect, put out a statement Wednesday saying:

"We cannot understand the reluctance of the present state fiscal officers to open these (department) facilities for study by a non-partisan, independent team of public administration experts."

THOUGHT IT UNNECESSARY
State Treasurer Robert F. Kent said Wednesday he thought such a study was unnecessary and that he had told Mrs. Sloan so. He said it was alright if Democrats wanted to undertake one after they took over in May.

Martin H. Blackbill, deputy to Aud. Gen. Charles C. Smith, echoed Kent's sentiments.

Both said they had no idea who would be responsible for the study group's work and expressed doubt that the survey could be done without expense to the state.

Democrats had proposed a study by college graduate students under the direction of Dr. Stephen B. Sweeney of the University of Pennsylvania's Institute of Local and State Governments.

They said the survey would have been similar to one made under

sweaters, Miss Margaret McMillan, executive secretary, said, so that it may be used to finish out sweaters already begun.

STEINER NOW LEADS IN MAC CAGE SCORING

Bucknell's Joe Steiner moved into the lead in individual scoring last week in statistics of the university division of the Middle Atlantic Conference. Records are for games through February 25.

Steiner raised his average scoring effort to 25.1 points a game to move ahead of Gettysburg's Ron Warner, second with 24.1 points, and St. Joseph's John Egan, third with 24.0 points.

Bob Kauffman of Lafayette moved back into the lead in free throw percentage after connecting on 88.6 per cent of his shots from the free throw line. Jack Baly of Delaware is second with 84.8 per cent.

Lafayette's Morris Boyer continues to lead in free throw accuracy, having tallied 63.5 per cent of his shots from the floor.

TOP REBOUNDER
In rebounding, Delaware's Nate Claid increased his average to 14.7 rebounds a game to hold an edge in that category. Steiner, of Bucknell, moved into second with an average of 14 rebounds a game.

St. Joseph's held its lead in team offense by increasing its average scoring effort to 83.4 points a game. Temple continues to rank first in team defense after limiting conference opponents to 63.2 points a game.

Statistics for Gettysburg College players include:

Scoring, Warner, second, 26.5 for 24.1 average; Bob Parker, 12, 17.7 for 16.1; field goal percentage, Warner, sixth, 93-77 for .542; foul shooting percentage, Warner, fourth, 79-100 for .790; Parker, ninth, 29-38 for .763; team offense, Gettysburg, seventh, 753 points for 68.5; defense, second, 733 for 66.6.

THREE MORE REPORTS ARE FILED TODAY

Three more annual tax collector's reports were filed today with Clerk of the Courts Kenneth Johns. They include:

Huntington Twp. residents paid \$54,250 in taxes during 1960 and Collector Harrison G. Fair's salary was \$1,913. School occupation tax collected was \$10,831 at 30 per cent, with Fair's salary for this collection listed at \$362. The rate on 862 poll taxables and 781 real estate taxables was eight mills and \$2 poll tax on the township; 45 mills and \$13 per capita for school taxes; 11 mills for the county and three and one-half for the district.

The report of Mrs. Geraldine V. Hafer, Abbottstown collector, showed her salary at \$612 on \$19,758 collected. Residents paid \$2,507 in borough taxes; \$14,182 in school, \$2,138 in county and \$928 in district taxes. Occupation school tax netted \$3,617 with \$108 for salary. The tax rate on 215 real estate and 334 poll taxables was nine mills for the borough; 45 mills and \$10 per capita on schools; seven mills for the county and three and one-half for the district.

Littlestown residents paid \$139,384 in taxes during 1960, according to Leroy W. Bish's report. His salary was \$4,191. They paid \$32,915 in borough taxes; \$85,462 in school taxes; \$14,919 in county and \$6,286 in institution district taxes. Expenses for Bish were listed at \$548 with \$350 for auto, \$90 for rent, \$45 for heat, \$18 for light and \$40 for postage and stationery. The tax rate on 1,157 real estate and 860 poll taxables was 18 mills for the borough; 36 mills and \$15 per capita on schools; 11 for the county and three and one-half for the district.

Boy Testifies In Mother's Murder

LANSING, Mich. (AP) — A 12-year-old boy told a jury Wednesday details of his mother's fatal stabbing.

Ernest Anderson testified in the trial of his father, Wilfred, 29, accused of slaying the throat of his wife, Ariene, 30, last Jan. 19.

The boy said he heard his mother scream, went into her room, and tried to grab a knife his father was holding. He said his father then stabbed himself and ran out of the house.

The stabbing took place during an argument over Anderson's drinking, police said. Mrs. Anderson, a mother of five, used to live in Lebanon County, Pa.

UNDERGOES TREATMENT
BALTIMORE (AP) — William Davlin, Pennsylvania secretary of Commerce, is undergoing treatment at Johns Hopkins Hospital for a malignant condition.

He was admitted to the hospital Wednesday for the second time. The location of his malignancy was not disclosed, but Davlin was being treated by Dr. John Bordley, an ear-nose-and-throat specialist.

Sweeney's direction before Democratic George M. Leader succeeded Republican John S. Fine as governor in 1955.

LENTEN PRAYER FOR TODAY

from *Go With God*
BY JIM BISHOP

Dr. Daniel A. Poling, clergyman, editor, and author, is one of the best-known and most widely read (and quoted) members of the Protestant clergy in America. He is editor of "The Christian Herald."

Dr. Poling is the father of the Rev. Clark Poling, one of the four chaplains—two Protestants, one Roman Catholic, one Jew—who gave their lives to enlisted men aboard the transport *Dorchester* in February 1943, linked arms, and went down together.

I do not ask, O Lord
A life all free from pain;
I do not seek to be
In this vast world of need
Without my load of care.
For this I know, the cross
Is my eternal gain,
And he who struggles on
At last shall enter in,
And be victorious there.

So, Lord, just keep me fit within,
And give me strength to fight,
And I will follow through the din,
From darkness up to light.
Amen.

TO HOLD NEWSPAPER NIGHT AT PENN STATE

UNIVERSITY PARK, Pa. (AP) — Students' questions on the newspaper industry will be answered by editors and publishers during a "newspaper career night" here March 8.

The newspaper officials also will have an informal discussion with students about specific job openings and personal qualifications in the industry.

The program, co-sponsored by the Pennsylvania Newspaper Publishers' Association and the Pennsylvania State University School of Journalism, is designed to generate interest among journalism students in newspaper careers.

William K. Ulerich, publisher of the Clearfield Progress and chairman of the Advisory Committee to the School of Journalism, said:

"These young people graduating in journalism are good citizens and most of them have the necessary qualifications for newspaper jobs, but in the past few years they have drifted away from us."

Says Flood Projects Help Reduce Levels

HARRISBURG (AP) — Flood control projects on the Susquehanna River helped to reduce the level of recent high waters which crested at or near flood stages, the state reported.

Maurice K. Goddard, state forests and waters secretary, said Wednesday that between noon Sunday and noon Tuesday, the water level behind the Stevenson Dam, near Renovo, rose 60 feet.

He said this represented a storage of some 10 billion gallons of water.

The storage, said Goddard, resulted in a reduction of the flood crest potential at Renovo of 1.4 feet; Lock Haven, 1.3 feet; and at Williamsport, one foot.

Goddard said the half-completed Kettle Creek Dam stored enough water to reduce water levels another half-foot at Renovo and third of a foot at Williamsport.

When the full flood control program is completed, Goddard added, including proposed federal dams at Curwensville and Blanchard, the state "should realize annual flood protection worth more than \$4,800,000."

DISCONTINUE AIR SERVICE
WASHINGTON (AP) — The Civil Aeronautics Board has ruled that Allegheny Airlines should discontinue service at Lock Haven, Pa.

The board, however, ruled Wednesday that the airline should continue to serve Hazleton, Pa., and Wilmington, Del., indefinitely.

SAYS PIRATES NOT HURT BY COMPLACENCY

FORT MYERS, Fla. (AP) — If the Pittsburgh Pirates don't cop the National League pennant in 1961, it won't be because of complacency, says Manager Danny Murtaugh.

"Most of the guys on this team suffered a lot of lean years," Murtaugh explained Wednesday at the world champions' training camp here.

"Now that they've tasted the fruits of success, they're going to be all the hungrier for more, especially the extra dough that goes with it," he added.

"JUST ASK THE YANKS"

The smiling Irishman said he doesn't think his players even know the meaning of complacency.

"There are too many of them who won't let up, no matter what the score," Murtaugh commented.

"They keep coming back, fighting all the harder. Just ask the Yankees. Heck, how can you even associate my kinda guys with complacency."

"We're going to play the same type of game we did last year," Murtaugh continued. "We're not going to overplay anybody. We'll win with good pitching, a strong defense, speed and desire."

Defensively, said Murtaugh, the Pirates are a little weak at first base and in the catching department.

SEES CLOSE RACE
"Of course my catchers make up for a lack of defense with big bats," he said. "And Dick Stuart could be much better at first base and I think he will. I look for Stu to come up with a big year."

Murtaugh said it's going to be a heck of a race. He added: "We're improved. Sure. But so have the other guys. Milwaukee, San Francisco, Los Angeles and St. Louis have strengthened themselves over the winter. That's why

Dave Lebo	Carlisle	6-2	Junior	28
Rodney Sheaffer	Biglerville	6-3	Senior	23
Bill Sanni	Biglerville	5-6	Junior	20

Mark Eckert, Gettysburg High School's 5-10 senior sharpshooter, has been named to the first team of the All-South Penn Basketball League in selections made by the South Penn Sportswriters' and Sportscasters' Association and the six coaches of the member schools.

Roger Ecker, the Warriors' 6-2 senior center, and Biglerville's Rodney Sheaffer, 6-3 senior, and Bill Sanni, 5-6 junior, were second team choices.

In addition to Eckert, first team selections include: John Walker, Chambersburg, honorary captain by virtue of polling the highest number of votes as well as the maximum of 70; Dick Loy, Waynesboro; Gary Heishman, Carlisle, and Dan Carn, Hanover.

In the balloting coaches voted for all-opponent teams while members of the association picked first and second teams. First team selections were worth five points and second team choices three.

Loy topped the league in individual scoring with 176 points. Walker was second with 163. Eckert and Carn finished in a tie for fourth place with 139 each, while Heishman was fifth with 137.

There are no repeaters from last year on either the first or second team. Walker of Chambersburg was an honorable mention last year. No honorable mentions were listed this year due to the league having but six members which reduced the number of players participating. Twenty players received votes.

Casting ballots were the following: Carlisle Sentinel, Chambersburg Public Opinion, Hanover Evening Sun, Waynesboro Record Herald, The Gettysburg Times, radio stations WHVR, Hanover; WGET, Gettysburg; WAYZ, Waynesboro, and WCBG, Chambersburg; coaches George Forney, Gettysburg; Bernie Thrush, Biglerville; Lowell Schlichter, Chambersburg; Gene Evans, Carlisle; Fred Kreuter, Hanover, and George Gottshall, Waynesboro.

SPRINGFIELD EXTENDS LEAD

By THE ASSOCIATED PRESS

The Springfield Indians' runaway lead in the American Hockey League is up to 18 points over second place Buffalo today.

The Indians, behind 4-1, stormed back to beat Rochester 5-4 Wednesday night while Buffalo's eight-game home winning streak was snapped by Quebec, 6-3, with ex-Bison Danny Lewicki in the key role.

Jim Anderson's second goal of the game, with less than five minutes left, won for Springfield, which rallied on goals by Anderson, Brian Kilrea and Bill Sweeney to pull into a 4-4 tie after Rochester had built a 4-1 advantage in the second period.

Springfield's Dave Creighton was injured and taken to a hospital. He lost two teeth, suffered a bad cut on the lower lip and a possible broken jaw.

SNOWBERGER WILL HEAD SP CONFERENCE

New officers were elected, trophies presented and Gettysburg College was picked as the site for the annual conference track meet at a regular meeting of the South Penn Scholastic Conference Wednesday evening at the Peace Light Inn.

Clifford B. Snowberger, Gettysburg High School principal, was elected president. He succeeds Charles L. Yost, Biglerville. Ray Gray, Hanover, was named vice president, and Richard Brubaker, also of Hanover, was reelected secretary-treasurer.

AWARD TROPHIES

The 1961 basketball trophy was presented to Gettysburg High School and was accepted by Coach George Forney. Ken Millen, Carlisle High football coach, received the 1960 championship football trophy on behalf of his school. A trophy for winning the 1961 junior varsity basketball title will be presented later to Carlisle.

It was announced the annual conference track meet will be held at Gettysburg College on Saturday, May 13.

Approval was voted the senior and junior high basketball schedules which had been drawn up last November by faculty managers.

Each senior and junior high school was presented four tickets for the District 3 PIAA playoff games.

WILL DISCUSS FUTURE

A meeting of the high school principals for Wednesday, March 22, at the Chalet, Dillsburg, was arranged and at that time they will discuss the problems and future of the conference and possible enlargement by admission of new teams.

A rising vote of appreciation was given Jack Mountz, Carlisle faculty manager, who will retire at the end of the present school year after serving in athletics at Carlisle for 31 years.

Fifty-one representatives of the schools attended the dinner-meeting at which Mr. Yost presided.

MAUCH HOPING FOR BIG YEAR FOR CALLISON

CLEARWATER, Fla. (AP) — Manager Gene Mauch figures left-handed hitting outfielder Johnny Callison has a great deal of potential which could go a long way in helping pull the Philadelphia Phillies out of the National League cellar.

After all, Callison got real hot in his first year with the Phillies a season ago, then—due partly to injuries—slumped off and finished the campaign with a .260 mark.

"I want to work with John on hitting certain pitchers to left field," Mauch said Wednesday as he watched Callison and the other Phillies go through their paces in the first day of spring training for the whole team.

"The Lew Burdette, the Ed Roebucks, the Roy Faces and pitchers like that gave him a lot of trouble last year because he was trying to pull the ball all the time," Mauch said.

"Those pitchers keep the ball down and away," Mauch added. "That's the way they have to pitch and it's tough to pull the ball against them. If John can learn to go into the ball against those pitchers and just hit it to left, his average can go a way up."

WILT PASSES SEASON MARK

PHILADELPHIA (AP) — Wilt Chamberlain has surpassed his National Basketball Association record for most points scored in a single season, getting 32 Tuesday night to run his total to 2,734 and top his old mark of 2,707 established a year ago.

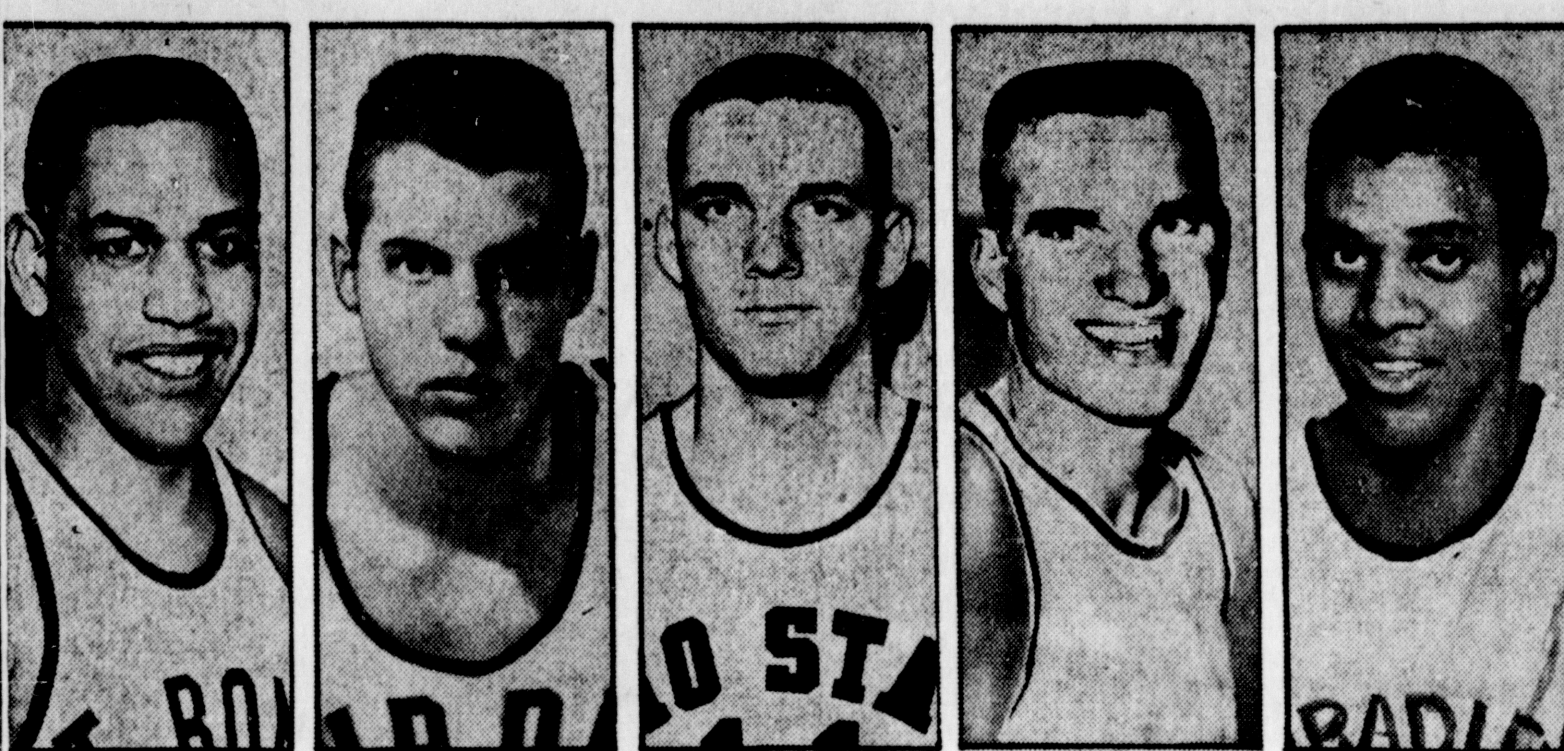

In leading the Warriors to a 123-108 victory over Los Angeles, Chamberlain again played the full 48 minutes for the 39th straight game, running his consecutive minutes played to 1,887.

Chamberlain, whose consecutive games streak goes back to Dec. 27 and who has missed only one minute of play since Nov. 27, stole some of the limelight from the Boston Celtics and rookie Oscar Robertson of Cincinnati.

Boston, with Bill Russell scoring 24 points and Bill Sharman, 23, defeated New York 142-116 to clinch at least a tie for the Eastern Division crown. The Celtics could wrap up their fifth straight title tonight with a victory over St. Louis.

Robertson, the Cincinnati University All-America, became the second rookie in the history of the NBA to score 2,000 points in a season by getting 16—despite a bad ankle—in a 131-105 triumph over St. Louis, which has clinched the Western crown.

Lucas Top Cage Player; Heads AP All-America College Team

By TED MEIER
AP Basketball Editor

NEW YORK (AP)—Jerry Lucas, of Ohio State's top-ranked and unbeaten Buckeyes, is college basketball's player of the year. His selection, announced today by The Associated Press, provided a double honor within a few hours for the 6-8 whiz, who is expected to lead the Buckeyes to their second straight national collegiate (NCAA) championship later this month.

Earlier, Lucas had been named to the 1961 collegiate All-America by The Associated Press along with Tom Stith of St. Bonaventure, Terry Dischinger of Purdue, Roger Kaiser of Georgia Tech and Chet Walker of Bradley.

DOMINATED VOTING

Lucas dominated the voting by 395 sportswriters and broadcasters from every section of the United States. He missed by only 13 points of getting the maximum 1,975 points based on five points for each first team vote. He received 392 first team votes for 1,960 points. This, plus two points for a second team vote, gave him a grand total of 1,962 points. Only two voters failed to mention him on their ballot.

Lucas, a junior and the only repeater from the 1960 All-America, was followed in the voting by Stith, a 6-5 senior whose play has made St. Bonaventure a national power. Stith polled 358 first team votes and an over-all total of 1,848.

OTHER TEAMS

Dischinger, a 6-7 junior, received 280 first team votes and 1,540 points. Kaiser, a senior and at 6-1 the smallest player on the

first team, got 138 first team votes and 894 points. Walker, a 6-6 junior, polled 807 points, including 109 firsts.

Walt Bellamy of Indiana, Tony Jackson of St. Johns (N. Y.), Frank Burgess of Gonzaga, Billy McGill of Utah and Doug Moe of North Carolina were named to the second team. Art Heyman of Duke, York Larese of North Carolina, John Rudometkin of Southern California and John Havlicek and Larry Siegfried of Ohio State comprise the third team.

The 15 players on the first three teams will receive certificates from the Associated Press. In addition, Lucas will receive a special certificate as player of the year.

BEAVER, Pa. (AP) — A housewife with a bowling average of 117 has become the first woman sanctioned by the American Rubber-band Duckpin Bowling Congress to roll a 300 game.

Mrs. Rose Hood of Monaca, Pa., bowled the perfect game on Tuesday night in competition in the Beaver County Women's League.

The previous high by an ARBDC-sanctioned woman bowler was a 289 rolled by Kay Bonnet of Montreal.

Sub-Goalie Stars In Leafs' Victory

By THE ASSOCIATED PRESS

Cesare Maniago, only nine years old when Toronto last won a regular season championship in the National Hockey League, has turned out to be a key man in the Leafs' fight to end the Montreal-Detroit monopoly on the title.

Maniago, a substitute, played a sparkling game in goal Wednesday night as the Leafs downed the second-place Canadiens 3-1. In the only other game, the New York Rangers rallied for three goals in the last period to defeat the Boston Bruins 3-1.

Maniago has allowed only four goals in three games since his recall from Sudbury of the Eastern Pro League of Canada. He spent most of the season with Spokane of the Western League.

Toronto has not won a regular season title since 1947-48.

FARRELL LIKES IT WITH PHILS

By JOE REICHLER

Associated Press Sports Writer
CLEARWATER, Fla. (AP)—Relief ace Farrell likes it with the last place Philadelphia Phillies.

He's not interested in going to the pennant contending Milwaukee Braves.

Farrell, 26, has been the object of trade talk since shortly after Gene Mauch succeeded Eddie Sawyer as manager of the Phillies last spring. There were rumors that the two weren't getting along, and there were reports that the Braves were deeply interested in acquiring his services.

Milwaukee Manager Charlie Dressen made it official last week when he admitted the Braves had offered unnamed players for Farrell.

ATTACHED TO CLUB

Farrell hopes all this trade smoke doesn't fan into a fire.

"Sure it's nice to be with a pennant contender," he said today, "but I'd like to stay where I am. I'm sort of attached to this club. I like the city. I like my associations and I've come to understand my manager."

"It's no secret that Gene and I didn't hit it off well for a time last year. But I feel differently now. I've had time to think things over. I'm convinced whatever he did was for my good. I like the way he does things. He's aggressive and he likes his players to be the same way."

Farrell's 2.34 ERA, 11 wins, 11 losses, 100 strikeouts and 1.44 ERA+ are among the best in the National League.

MSM MAY HOST REGIONALS IN NCAA TOURNEY

There is a strong possibility that Mt. St. Mary's College may be host to the regional small-college NCAA playoffs on March 10 and 11, it was learned today.

Four teams will play in the regional tournament, including the Mason-Dixon Conference champion, Fairfield University of Connecticut, (Tri-State League champs), Middle Atlantic small college champion, and an at-large team from the Central Intercollegiate Athletic Association.

Announcement will be made over the weekend of the definite site for the regionals.

M-D GAMES TONIGHT

Tonight Mt. St. Mary's (20-3) opens its bid for the Mason-Dixon title when it opposes Bridgewater at 6:55 in the 21st annual tournament at Catholic University, Washington, D. C. The Mountaineers have won the honors five times and were runnerup three times.

American University, which took the titles the last three years, opposes Washington College at 10:15. Randolph-Macon opens the tournament against Western Maryland at 5:15 and Catholic tangles with Baltimore at 8:35.

Semifinals are scheduled for Friday evening and the championship affair Saturday evening.

HEAVY SPRING SPORTS CARD FOR BULLETS

A spring sports schedule that includes 20 baseball games, 10 track engagements, seven lacrosse matches, 13 tennis meets and eight golf matches has been announced for Gettysburg College athletes.

Reporter Traces Long Trail Of Hunger, Horror And Death Of Dudley Family Of 8

Editor's Note — More than 2½ years ago eight members of the Dudley family set out from upstate New York to make a living "on the road." Today, the parents are in jail and five of their children are dead. This account by Ed Young traces the trail of tragedy from coast to coast.

By ED YOUNG
RICHMOND, Va. (AP)—In the summer of 1958 Kenneth Dudley, his wife, Irene, and six of their children left Syracuse, N.Y., in a battered sedan. They headed south to join a carnival.

Dudley—a sometime mechanic, junk dealer and odd-jobs worker—hoped to repair midway rides. His wife, when she could get the job, would sell tickets.

But the gypsy journey became for the Dudley youngsters a nightmare of hunger, horror and death.

Five of them died before the family's continent-spanning meanderings ended Feb. 10 with the parents' arrest for neglect leading to the death of the fifth child, Carol Ann, 7.

FACE MURDER CHARGE
Wednesday the charge became more serious. Hanover County, Va., where police say Carol Ann died of malnutrition, exposure and neglect, issued warrants charging Dudley, 47, and his wife, 44, with murder.

Carol Ann's emaciated body, wrapped in an old blue blanket, was discovered Feb. 9 in woods just off U.S. 1 near Lawrenceville in southside Virginia. She died, according to police, Feb. 1 or 2 and was kept in the back seat of the Dudley's dilapidated car until her body was placed in the woods by her mother Feb. 6.

But, said a State Police investigator, E. M. Lloyd, the poverty, hunger and death had started long before Carol Ann's demise—in fact only four months after

the Dudleys left Syracuse with the six children.

Statements by Dudley and police investigation, Lloyd said, have showed this is what happened:

PUT BODY IN MINE
Near Baldwin, Fla., on Nov. 17, 1958, death claimed the first of the youngsters, Claude, then 3. His body was wrapped in a blanket and deposited in an abandoned mine pit Nov. 18 or 19 near Lakeland, Fla.

The Dudleys, now carrying their family around in an old panel truck for which they had swapped the sedan, were heading east from California in December 1959, when two other children died.

Norman, 10, died Dec. 23 in Phoenix, Ariz.; Charles, 8, two days later—Christmas Day—in the same city.

The Dudleys kept on driving east and south, and, police said, waited until about Jan. 1 to dispose of the boys' bodies.

Then they wrapped them in blankets, weighted the human cargo, and tossed the dead boys into Lake Pontchartrain in Louisiana.

Then there were three. Debbie, 3, "as next to youngest of the children, and the next to go. She died at Gary, W. Va., May 21, 1960. Six days later, Dudley wrapped her body in a blanket and left it in the woods off a highway near Jenkins, Ky.

At Gary, authorities said they would launch an investigation into Debbie's death. The McDowell County prosecuting attorney, Harry S. Camper, said a carnival played in a baseball park at Gary last May.

THEN THERE WERE 2
Then there were two.

With Carol Ann's death last month, only one: Christene, 2½. Christene was with the Dudleys when they were arrested Feb. 10

at Fuquay Springs, N. C., a day after the discovery of Carol Ann's body. She seems in good health and is now in a foster home in Lawrenceville, under care of the Brunswick County Welfare Department.

Mrs. Dudley, a frightened-looking woman with black hair, is in jail in Lawrenceville. Her husband—wiry, dark-haired, bespectacled—is in the State Penitentiary in Richmond, where he was transferred recently after attempting suicide.

2 MARRIED DAUGHTERS
Warrants charging the Dudleys with murder were dispatched to Brunswick County police by the commonwealth's attorney of Hanover County, Leslie Campbell. The couple first, however, must await disposition of the Brunswick County charges of neglect by County Court.

The Dudleys, married in 1934, are known to have had 10 children. Christene and two married daughters who live in Fayetteville, N. Y., are all who now survive.

One child, Edward, born to the couple in 1937, died when three months old. Another born in 1941, Kenneth Jr., died in New York in 1947. Dudley served a prison term for burying him illegally.

WASHINGTON (AP)—Secretary of Commerce Luther H. Hodges expects a brighter business situation this spring.

He told a news conference Tuesday that while he could not cite figures to prove his case he believed that "by the opening of spring we will have more confidence and move forward."

PLAN NEW PLANT
NEW YORK (AP)—Air Reduction Sales Co. plans to build a \$5 million air separation plant at Claymont, Del., the firm has announced.

GOOD DEED—Ken Wrintz, 9, Rockville, Md., opens lapel buttonhole to place a Boy Scout pin on coat of Rep. Charles Halleck, The Indiana Republican helps the scout.

Hold 3 Men For 3-County Thefts

NORRISTOWN, Pa. (AP)—Three men, accused of being members of a burglary ring which police said fanned out from Norristown to Sunbury in central Pennsylvania, were held without bail here at a hearing Wednesday.

Police said the alleged ring specialized in small change burglaries of jukeboxes and restaurants.

Held without bail were Jacob Yorgey, 28, and his brother Salvatore, 20, both of Conshohocken, and Michael Miller, 20, of Norristown.

Police Chief Robert Baxter of Norristown said the investigation has spread to Berks, Lancaster and Chester counties.

COUNCIL OK'S
1961 BUDGET;
\$1,000 ADDED
ON SNOW WORK

Littlestown borough council, meeting Tuesday evening, finally adopted, almost intact, the \$132,000 budget tentatively approved in January.

The single change was placing of an additional \$1,000 in the budget for snow removal, bringing to \$2,000 the amount allocated for that purpose. The change was made when council studied the bills for snow removal this winter and found the cost was "more than \$1,800."

The safety committee reported that parking permit decals are now on hand. The decals will cost \$20 for the first one issued to an owner of a vehicle and \$5 for each additional decal for a vehicle registered in the same name. The decals will be issued in lieu of meter bags to those who have need of meter bag parking on a major scale. The cost of meter bag rental was changed from 25 cents to 50 cents a day.

TO MOVE OFFICES

Council voted to move its headquarters eventually to the former E. King St. Grade School building.

ing purchased some time ago by the borough with the motion stated: "If the said building were reconditioned, or repaired for municipal uses, that the borough office or headquarter be moved to said building." The action came after a report by the building committee on progress made on conversion of the former school building to a municipal and recreational building.

The town officials decided to try a program offered by the National Chemsearch Corporation, New York, for "Insect Control." Secretary Roger Keefer told council William Pomies, salesman for the New York concern, had offered the borough use of a power sprayer free of charge if the town uses the chemicals made by the corporation. The chemicals cost \$10.90 a gallon.

Plans of the Aero Oil Co. for construction of a service station at 24 N. Queen St. were presented to council by N. T. Washburn of the oil company. Council asked whether there would be any objections by the oil company to widening the alley on the north side of the lot to provide for future ordaining of a street similar in width to the opposite ordained Locust St. and discussed at length curbing in connection with the installation. Council agreed verbally to approve the plans as submitted with suggested changes and Washburn said the company would confirm its acceptance of the suggested changes.

sister concerning response of Atlantic Refining Company to plans for widening of Monarch St., Secretary Roger Keefer reported that the plans are in the hands of the oil company. The secretary was instructed to write the company "in order that council would know what they intend doing on the matter."

A discussion on possible stoning of W. Myrtle St. beyond Columbus Ave. ended with a decision to ask that those interested in development of the area submit plans for council approval and present a deed for the street. Council will then consider ordaining and maintaining the street.

Council approved removal of remaining old style water meters and replacing the old dial style with the newer meters already installed in most homes of the borough.

APPROVE ORDINANCES

Ordinances regulating parking on the north side of Cemetery St. from Church St. to the alley at the boundary line between Littlestown and Germany Twp. and parking on the recently ordained portion of Patrick Ave. were approved and will be advertised.

BANKER FACES
30 YEARS FOR
HUGE THEFT

By GENE SCHROEDER

MASON, Mich. (AP)—His family and fellow townspeople closed ranks today behind former banker James A. Dart as he faced a possible 30 years in prison and a \$30,000 fine in misapplication of \$370,000 at his family's bank.

"The family will do everything we can for Jim now that the bank has been saved, but that doesn't justify what he did," said his nephew, Rollin B. Hart, who now heads the bank.

"This is no attempt to whitewash him, because the bank comes first and then the family," Hart added. "He has given me his lifelong promise that we will recover the losses from him."

Dart, 49, sobbingly conceded "performing an act not proper" after he was arrested by FBI agents Wednesday and arraigned along with a co-defendant, Paul P. Chien, 35, of East Lansing, Mich.

6-COUNT INDICTMENT

Indicted on six counts by a federal grand jury, Dart said in a voice choked with emotion that his family had rallied behind him and had made full restitution to the Dart National Bank.

If the family was standing by James Dart, so were the townspeople in their own way. They didn't talk much to reporters who asked for their reaction to the scandal. When they did, it was to say nice things about the Dart family.

BANK MAKES MONEY

The Darts have played a prominent part in community affairs ever since big, amiable Rollin C. Dart, a prosperous Ingham County farmer, opened up a bank here. His four sons and two daughters grew up in the town, and all but two still live here with their families.

The bank is a money-maker. Resources have risen to an all-time high of \$7.8 million. The 5,000 depositors outnumber the residents of the town.

James Dart's brother, John has a thriving insurance agency in town. Another brother, William, runs the Dart Manufacturing Co., which produces plastic and metal stampings, children's games and a disposable drinking cup.

DUKES UPSET BONNIES AND WAIT NIT BID

By MURRAY CHASS

PITTSBURGH (AP) — When members of the National Invitation Tournament Selection Committee read the papers today, they'll discover that Duquesne's letter-writing Dukes did exactly what they vowed they would do—upset second-ranked St. Bonaventure.

"We are resting our case on the Bonnie game (concerning an NIT bid); read the papers March 2," the Dukes said in a letter written to the committee last week.

Well, today is March 2, and the unranked Dukes have defeated St. Bonaventure 79-74 in overtime. The Bonnies' third loss in 24 games Wednesday night was their second upset in a row. The one to Niagara last Saturday night halted their 99-game home winning streak.

TWYMAN SPARKS DUKES

"That (letter) was a brain storm," said Ned Twyman, who sparked the Dukes with 31 points and 11 rebounds Wednesday night. "The committee probably didn't know the situation here, and I wanted to keep them thinking until we played this game."

"It's up to them now. We told them what we were going to do and we did it."

The Dukes, hard hit by injuries which left them with seven players at one stage, now have a 12-7 record, which is nothing sensational. But two of the losses came in the closing minutes to Dayton and another was a close defeat to Niagara. Both teams will compete in the NIT. The Dukes also lost an earlier game to the Bonnies at Buffalo 89-78.

DUKES ROAR BACK

After failing behind by 11 points early in the game, the Dukes roared back. In the last five minutes of regulation time and in the overtime period, the five Dukes—who played the entire game—appeared as fresh as they did when the game started.

"It was strictly sheer heart on the part of five kids—all heart," Duquesne Coach Red Manning said.

"This is the most outstanding team effort I've ever seen. The boys wanted to win desperately. As for the NIT, if we are fortunate enough to be invited, I'm sure we would provide a great effort."

The 6-2 Twyman outscored the Bonnies' Tom Stith, who was named to the Associated Press All-America team. Stith tallied 19 points. Fred Crawford had 29 for the losers.

ORRTANNA—Officers recently elected to serve for the ensuing year for the Young Adult Class of the Mt. Carmel EUB Sunday School are: President, Clyde Spence; vice president, Harman Spence; secretary, Mrs. Clyde Metz, and treasurer, Miss Linda Carbaugh.

After a number of cancellations due to the weather, the Young Adults Class resumed regular meetings Saturday evening in the Mt. Carmel Church. Mrs. Claire Rebert is the teacher.

George Haines, outgoing president, presided and opened the meeting with a hymn followed with prayer by the teacher, Mrs. Rebert. Mrs. George led the program, the chapter being "Living With the Bible." General discussion followed with all members participating.

The new president, Clyde Spence, conducted the business and named the following to the lookout committee: Harman Spence, Mrs. Clyde Metz, Mrs. Clyde Spence and Wendell Naugle. The meeting closed with the hymn "The Way of the Cross Leads Home." The next meeting was scheduled for March 10 at the same place with Mrs. Rebert, leader, and Mrs. Clyde Metz, hostess.

Mrs. Wilmer Wetzel, Arthur Wetzel and Mr. and Mrs. Clarence Stansbury spent Sunday as guests of the former's son-in-law and daughter, Mr. and Mrs. Donald Baker, Baltimore R. 15.

Mr. and Mrs. Luther Wetzel, John Wetzel and Mr. and Mrs. Wendell Wetzel spent Sunday at the home of the former's son and daughter-in-law, Mr. and Mrs. Kermit Wetzel, 8205 Ft. Smallwood Rd., Baltimore, where Kermit is convalescing following his discharge from Johns Hopkins Hospital where on February 15 he underwent surgery.

Mr. and Mrs. William Stull and family, Bedford, were Sunday guests of Mrs. Stull's brother-in-law and sister, Mr. and Mrs. Robert Chapman.

Mr. and Mrs. Larry Newell and daughter, Carrie, returned to Kinde, Mich., Sunday after a week's stay with Mr. Newell's parents, Mr. and Mrs. Frank Newell.

Mrs. Mary Reed and daughter, Mary, Baltimore, were dinner guests Saturday of Mr. and Mrs. Ira Walter.

RED BANK, N. J. (AP)—When Walter J. Bennett lost his wedding band at work, he wasn't too hopeful of seeing it again.

It turned up in Kokomo, Ind., where a factory superintendent found it in some advertising brochures from an industrial firm.

LITITZ YOUTH WINS CONTEST

Robert B. Posey, a senior at Warwick Union High School at Lititz, was selected as the winner of the semifinals oratorical contest conducted at Gettysburg College under sponsorship of the American Legion Monday evening. He will enter an area contest March 16 at Bishop McDevitt High School in Harrisburg and the winner there will compete in the state contest in May with a four-year scholarship as the first prize.

Judges gave David R. Martin, Camp Hill senior, second honors in the contest held in Brua Hall on the campus.

After the presentation of Legion colors, the invocation was given by the Rev. Herbert W. Stroup. The pledge of allegiance followed. Then Contest Chairman Harry D. Ridinger introduced Dr. Richard Geyer, head of the English department at the college, who presided during the contest. Judges were Dr. Robert Bloom, Dean John Shainline, Prof. Louis Hammond, Prof. Howard Miller and the Rev. Mr. Stroup. Dr. M. S. Moorhead was timekeeper.

Tally judges were Mrs. Ruth Wisler and Miss Joan Thomas of Gettysburg High School. Winners were announced by Chairman Ridinger.

Emmitsburg High Cagers Honored

Don Sweeney and Terry Fleagle, star senior cagers from Emmitsburg High School, were recently honored when they were selected as first team members of the 1960-61 all-Frederick County basketball team picked by the Frederick News-Post. Fleagle last year made the second team.

The Liners had a 15-3 record this year and won the Frederick County Class C championship.

Sweeney at 5-6 is the smallest man on the team. Bill Nail, another senior from Emmitsburg, was chosen for the second team.

Trucks passing through the checkpoints were searched for illegal arms.

"CORDIAL CONFERENCE"

U.N. and Congolese officers later held what was described as a cordial conference on means of maintaining order. As a result, Congolese troops now are helping the Ghanaian forces to patrol the town.

In Leopoldville, the United Nations ordered its soldiers today to open fire on anyone who tries to make them.

Reliable sources said the order went out to all U. N. forces around the capital. It followed a number of incidents in which Congolese soldiers arrested and disarmed U. N. troops.

850 PERSONS EVACUATED IN FLOOD AREAS

By THE ASSOCIATED PRESS

Swollen rivers continued a slow retreat over much of south-central Alabama, Georgia, Mississippi and Louisiana today, but lowland areas still reeled from the blow dealt them the past week and some sections remained threatened.

In central Mississippi, the Pearl River, 17 feet above flood stage, continued at its highest level since 1935 after forcing some 850 persons from their homes. A slow fall was expected to start late today.

In south Mississippi, the Leaf and Chickasaway continued to fall after flooding large areas last week, and the crest of the Pascagoula continued to move southward.

3 NEGROES DROWN

Cleanup began at Hattiesburg, Miss., where three Negro children drowned when a boat overturned.

Crests had passed most points in Alabama, but thousands remained homeless as rivers grudgingly gave up territory. The Alabama River dropped 2.2 feet in 24 hours to 54.2 feet Wednesday at Montgomery after cresting Sunday at 58 feet—some 23 feet above flood stage.

At Selma in central Alabama, the Alabama River covered a cemetery, lifted many caskets and vaults and floated them away. Some lodged on fences. Others continued downstream.

OPEN R. C. SHELTER

The crest passed Selma early

Wednesday and continued downstream. The Red Cross opened a shelter for refugees at Camden, south of Selma, where the worst was yet to come. The Alabama River crest was expected to reach Millers Ferry, near Camden, at 59 feet Friday night.

The Conecuh River in south Alabama continued to creep upward, measuring 33 feet Wednesday at River Falls, where the flood stage is 37 feet.

Streams in north Mobile County still were rising about six inches a day. Preparations were being made for evacuations.

RAIN IN SOUTH

In Georgia, West Point, Columbus and Fort Gains still were draining from the rain-swollen Chattahoochee, which forms part of the border between Georgia and Alabama.

The crest of Georgia's Flint River was expected to hit Albany and Bainbridge in the southwest part of the state, but no serious damage was expected.

There was little choice in the weather picture elsewhere in the country early today.

Light rain or showers fell over the Deep South, the Southeast, the Midwest, parts of California and the Plains states and Pacific Northwest.

Snow fell over northwest Pennsylvania and portions of the North Atlantic Coast states.

Celtics Back Into Eastern NBA Title

BOSTON (AP) — One way to beat the Boston Celtics—and there aren't many—involves the yoyo.

That was the formula St. Louis Hawks' Coach Paul Seymour used in Wednesday night's 110-97 triumph over the defending National Basketball Association champions.

But it didn't stop the Celtics from clinching their fifth straight Eastern Division crown. They backed into it when Syracuse whipped Philadelphia 149-128, making it mathematically impossible for the Warriors to catch up. Wilt Chamberlain got 56 points in the losing cause.

"I told the players before the game that I was going to have the yoyo out," Seymour said.

He explained that he meant the Hawks had to slow the game as much as possible, and they were required to pass at least eight times before taking a shot. If they violated the rule, out they come.

Los Angeles increased its second-place lead in the Western Division to 1½ games by blasting New York 144-107 in the first half of the Boston Garden doubleheader.

Oscar Robertson hit for 37 points and Arlen Bockhorn for 36 as Cincinnati dropped Detroit 137-122 and moved to within one half game of the Pistons in the fight for the Western Division playoff spot.

NO DECISION ON 4-STATE PLAN

By JOHN KOENIG JR.

Associated Press Special Service

WASHINGTON (AP)—Rep. Willard S. Curtis, R-Pa., said today he is reserving judgment on a proposal to establish an interstate commission for development of Delaware River Basin water resources.

"I'll have to study the proposal before I take a position," Curtis said.

Curtis, whose district comprises Bucks County—bordering the Delaware River, and Lehigh County, in the Delaware River watershed—said he was not consulted at the time bills were introduced proposing the four-state commission.

PROVIDES NEW COMPACT

The measure provides for a compact between the four states bordering the river, with the government also a partner in the compact.

The bill first was introduced in the House by Rep. Francis E. Walter, D-Pa., on Feb. 2. Some days later a similar measure was introduced in the Senate with Sens. Joseph S. Clark, D-Pa., and Clifford Case, R-N.J., as the principal sponsors.

All six other senators from Pennsylvania, New Jersey, New York and Delaware joined as co-sponsors.

Curtis said he favors any long-term plan which would convince him that benefits would result for the people of the Delaware River valley.

ST. AUGUSTINE, Fla. (AP)—Barbara McIntire is heavily favored in her second round match in the Florida East Coast Women's Amateur Golf Tournament today.

Miss McIntire, former National Amateur women's champion and current British Women's champion from Lake Park, Fla., won her opening match Wednesday over Mrs. Walter Thomas of Cincinnati, 8 and 7.

In the qualifying round Tuesday, Miss McIntire won medal honors with 73, two over men's par for the 6,545-yard Ponce de Leon course. Her second-round foe, Mrs. Charles Sayles of Hackensack, N. J., defeated Mrs. Shephard Merrill of Daytona Beach 3 and 1 in the first round.

Judy Bell of Wichita, Kan., the defending champion, faced Mrs. Maurice Glick of Baltimore in the second round.

SAYS GENE HAS LOST RESPECT FOR SUGAR RAY

LAS VEGAS, Nev. (AP)—Sugar Ray Robinson couldn't knock out Gene Fullmer with his best punch, Fullmer's manager declared today.

"It may be a little dangerous to say that," Marv Jensen admitted, "but Gene has lost respect for Robinson's punches."

Jensen might have been thinking of a previous occasion, on which such a loss of respect resulted in a loss of consciousness for the bullsh champion from Utah.

"Yeah, that's what happened when Ray knocked Gene out in Chicago in 1957," Jensen said. "But Gene feels that was a lucky punch, because he was moving in fast and supplied a lot of force himself."

Whether Jensen's theory stands up depends simply on whether Fullmer stays standing up Saturday night when he defends his NBA middleweight title against the 40-year-old challenger at Las Vegas Convention Center.

MINNEAPOLIS (AP) — Mrs. Marie Norstad, 81, mother of Gen. Lauris Norstad, supreme commander of NATO, died Wednesday in San Jose, Calif. She was the widow of the Rev. Martin Norstad, a Lutheran pastor.

NEW ORLEANS OPEN PLAY TO START TODAY

By ED TUNSTALL

NEW ORLEANS (AP) — South Africa's Gary Player, who qualifies as a shrewd appraiser of golf talent, labels Arnold Palmer "the greatest golfer in the world" and the big Pennsylvanian was out to substantiate this judgment today in the opening round of the \$30,000 Greater New Orleans Invitational.

There was little discord of opinion that the 31-year-old Palmer, winner of three tournaments on the budding winter tour, was the man to beat. His seven-stroke victory in the Baton Rouge Open that ended Sunday was a pretty convincing factor.

Despite Player's glowing description and Palmer's recent successes, he won't suffer from the lack of competition.

LEADING CONTENTERS

Player, former British Open champion and currently the leading money winner on the tour with earnings of better than \$16,000,

will be among the leading contenders.

Dow Finsterwald of Tequesta, Fla., returns to defend his title over the 6,900-yard, par 72 City Park No. 1 course.

Other top challengers include Bob Goaly of Crystal River, Fla., and Bill Collins, another Crystal River player who won the New Orleans in 1959; Doug Sanders of Ojai, Calif.; and Ken Venturi, who lost the 1958 New Orleans in a sudden death playoff to Billy Casper.

The 18-hole final round of the four-day tournament will be played Sunday.

PLAN CENTER FOR TALENTED POOR ARTISTS

MEXICO CITY (AP) — An unusual art center is being built in as unlikely a place as one could expect—the remote tropical island of Cozumel, called the Hawaii of the Caribbean.

Founder is Ilya Chamberlain, an American born in London of Russian parents, now a Mexican resident.

Chamberlain and his wife, Janne, came to Cozumel for a two-day vacation five years ago, promptly fell in love with the quiet, isolated, Mayan-inhabited island off eastern Yucatan.

Opened Hotel
With a few hundred dollars they managed to scrape up they opened a small hotel which has prospered.

Now he wants to open an art center and is well on his way to realizing his dream. The project has the blessing of state Gov. Aaron Merino Fernandez, plans have been drawn up, and most of the \$20,000 he needs is in sight.

The Mayan-type building, typical of the area, was designed by Kenneth Frizzell who worked on plans for the U. S. Pavilion at the Brussels World Fair.

The center is mainly for Mexican artists, poor and struggling but with talent, particularly those living in Yucatan, Quintana Roo and Cozumel.

ARTISTS' TALENT WASTED
Chamberlain says there is a surprising amount of talent going to waste because artists can't even buy paints and canvas. He plans to furnish what they need, even house and feed them if necessary.

Instructors will be recognized Mexican artists. Courses will include not only painting but sculpting, lithographing, woodcutting, metal engraving.

American and other foreign artists will be welcome, Chamberlain says. And the isolated island is a dream spot for them to work in.

WAS FIRST VENTURE
The hotel project on Cozumel was Chamberlain's first venture into this field. He is proud that "we built the first bathroom on the island."

But art is still his first love, and his art center is taking up most of his time—and money—these days.

"Cozumel in the time of the Mayans was the Athens of the New World," he says. "It may regain its prestige in part."

BECOMES HIGH PAID ACTRESS
By MILTON MARMOR
LONDON (AP) — A motherly character actress known for her cockney portrayals surprisingly is the highest paid actress on the London West End stage.

Her name is Kathleen Harrison and the play she stars in is something called "Watch It, Sailor!" a light comedy that has become one of London's biggest successes.

The play is presented by Toby Rowland, an American-born theater producer living here. Toward, from Montana, recently became a British subject.

PLAY IS INDICATIVE
Rowland's success in a sort of play that doesn't worry about the carriage or egghead trade in a strange way is indicative of what happens in the British theater.

For several years he has been producing serious, high minded plays. Most of them flopped. But he realized that the London theater has always supported cockney shows that appeal to the "coaches' clientele," bus loads of theater lovers from the provinces who laugh loudly at simple, hearty humor.

So, Rowland decided that if the theater-going public liked broad comedy he'd give them something

Year-Old-Child Is Roller Skater

VINELAND, N. J. (AP)—An attractive young mother with a yen to go roller skating has solved her baby-sitting problem. She doesn't hire one.

Instead, Mrs. George Phifer takes her year-old baby, Mark, along to the rink when she and her husband go.

What's more, she lets the child skate. She's equipped him with special roller skates which enable him to glide around the floor, with a gentle assist from mother.

Mrs. Phifer says Mark is the youngest boy ever to roll around the local rink.

HOPE TO SELL REDS ON IDEA OF UPLIFTING

By JOY MILLER
NEW YORK (AP)—An erect little lady of 72 thinks Russian women stand in need of uplift, American style.

Furthermore, she has very intention of taking it to them in a most substantial form—in bras and girdles.

"A woman is a woman wherever she lives," explains Mrs. Ida Rosenthal, "and if she looks better, maybe that would establish a foundation for firming up relations between our countries."

The Iron Curtains hold no terrors for Mrs. R., as she's known in the foundation garment market. In the 38 years since she spread her wispy wares around the world to 115 countries, including Malaya, Kuwait, Morocco, Zanzibar.

FIRST IN FIELD
She'll be the first in the field to go into Russia.

"The foundation garment industry in the USSR is still in its early stages," she says, "but I foresee a period of great development. Russian women are taking a greater interest in their appearance—and a good figure is pretty basic."

She isn't advancing this as an argument for quota-conscious commissars, but Mrs. Rosenthal points out that foundation garments took a strong hold when women replaced men in factories during World War I. Girdled girls didn't get as tired, had greater efficiency.

Mrs. R. was running a dress shop in 1922 and designing clothes for her business. Tight bodices were in style then, and women, she discovered, were hardly symmetrical creatures.

FIRMER FOUNDATIONS
Deciding dresses would look better with uplift type bras, she and her husband started designing the underpinnings. Pretty soon the dress business was abandoned in favor of the firmer foundation. Today Mrs. R. is chairman of the board of her company (Maidenform).

Looking back over the nearly four decades, does she think there is too much emphasis on the bosom these days?

Mrs. Rosenthal's blue eyes crinkle. "Let's face it," she says, "we are women. But I don't see why emphasis on bosoms should interfere with emphasis on brains. If women need help in making their bodies look a little better, I see nothing wrong with it. And that goes for Russian women too."

to laugh at.
He produced "Watch It, Sailor!" a sequel to a former success called "Sailor Beware."

For some odd reason, no other theater man had appeared to be interested in "Watch It, Sailor!" which had been touring the provinces. Rowland grabbed it up and that's that.

Now the show is topping \$16,000 in weekly receipts—and Kathleen Harrison gets 10 per cent of the take along with her three figure (in pounds) salary. That yields her a few thousand dollars a week.

SAYS LADIES SHOULD MAKE "MEN" HAPPY

By NORMA GAUHN
NEW YORK (AP) — The good old days were when men called their wives "my ball and chain." Now the men have traded places. They're the ones who hamper a woman's freedom rather than the other way around. And, as a result, everybody is mixed up.

Take the word of marriage counselor Ruth Engle:

"There's never been a time in history that girls had so much freedom before marriage—and been so tied down afterwards."

Mrs. Engle feels many marital woes arise because women no longer have a well-defined role. They are educated for careers far removed from homemaking. Then:

BIG LETDOWN
"It's a terrific letdown when a woman finds herself confined to home and babies. It brings out resentments she takes out on her husband—even though he isn't actually to blame."

Mrs. Engle is associated with Mrs. Jane Mayer in a private counseling agency, Marriage Council and Family Guidance, Inc. On the basis of four years of experience listening to marriage troubles, her sympathy is with the men.

"The husband used to be recognized as head of the house. Now all the slogans emphasize togetherness. That implies equal authority—and that means trouble. Both partners feel their so-called rights are more important than a good relationship with one another."

WORK BEFORE MARRIAGE
Mrs. Engle notes that now nearly all women work before marriage. They have money to spend as they want and few restrictions on their comings and goings.

Then come the wedding bells—which toll a death knell for feminine independence.

"They mean the wife has one income—her husband's. She is financially dependent. And it's worse when a child comes along. She confined to the house and the routine gets her down."

Mrs. Engle is a great friend of household help—and finds it unfortunate that servants nowadays are virtually non-existent.

"As housewives, women don't get as much free time as their grandmothers," she says. "Servants, unmarried female relations, big families, all used to share the work. Now the wife does it all."

EDUCATED FOR MARRIAGE
Mrs. Engle thinks women should be educated primarily for their ultimate destination—marriage. She is a strong advocate of premarital counseling in high school and college.

This doesn't mean women can't study languages, typing, chemistry or Zen Buddhism if they like. But Mrs. Engle says they should have a realistic view of what they're getting into in marriage and "be ready to handle it as an occupation with its own special skills."

Mrs. Engle sticks to the idea that woman makes the marriage. She concedes that some men are impossible to live with. But she also notes it is more important in our society, emotionally and economically, for a woman to be married.

OTHER HAPPY
"If a woman is able to see the relationship as more important than the idea of individual happiness, a marriage can work out." She adds:

"The most important thing in marriage is to make the other person happy—not to think 'What do I get out of it?'"

—Learn to give and it comes back to you. People are starved for praise; give and your partner will bloom.

—Living happily ever after isn't automatic. You have to work at it, constantly.

"Boredom is the most deadly thing for a marriage. If either partner has no interests, either separately or jointly, it's difficult to keep the relationship alive."

"Bring in new things to do, develop activities and hobbies. Otherwise the husband or wife will start looking around for something—or somebody—else."

Says Men Betray Trust In God

OKLAHOMA CITY (AP) — "A collectivist siren call has lured free men into a trust in government rather than God," Dr. Perry E. Gresham, president of Virginia, told a church convention here.

"A flight from freedom," he said, "has invited the human authority of church, state, association or union to replace the firm stand of one free conscience answering only to God."

Father Outdone By Son In Race

ST. PETERSBURG, Fla. (AP) — Carl Schmidt was proud when his son, Tom, took a lively interest in his hobby, model airplane racing.

But Dad was somewhat chagrined when he finished a runnerup to 16-year-old Tom in the sixth annual Thompson Trophy Junior Air Races, sponsored by the Gulf Hawks Model Airplane Club.

Becomes Attached To 4-Year-Old Pet

MADISON, Wis. (AP) — Tom Barlet, photographer for the Cap-

ital Times of Madison, was assigned to take a picture of a boxer dog for his newspaper. L. J. Kinney of Madison wanted to find a new master for the four-

year-old pet.
"I couldn't resist that soulful look . . ." Barlet sheepishly explained to his wife as he brought the dog to his seven children, who

are owners of two cats, three pet mice, four pairs of hamsters, some goldfish and a canary.

Navigator James Cook discovered Australia's Great Barrier Reef in 1770, when he ran into it on a dark night, badly damaging his H.M.S. Endeavor.

TIGER, RHINO BLOOD USED TO SATISFY MYTH

MEGHAULI, Nepal (AP)—The goddess of the jungle was propitiated today by the blood of a tiger and a rhinoceros shot on a hunt arranged for Queen Elizabeth II Monday.

Prince Philip's personal treasurer, Rear Adm. Christopher Bonham-Carter, shot a tigress. Nepalese smeared its blood on leaves and grass and spread them around the jungle. This is the traditional offering to the goddess of the jungle for killing one of her beasts.

A rhino was killed by Lord Home, British foreign secretary. Nepalese beaters and elephant drivers rushed up with bottles to catch some of its blood. Spread on the surface of a river, this blood is considered a holy tribute to an ancestor.

SACRED SIGNIFICANCE

The rhino has a sacred significance in Nepal. Only King Mahendra or his guests are allowed to kill one.

The two animals were killed on an elaborate hunt. About 300 elephants drove the game into a ring for shooting from the backs of special howdah elephants.

Behind Queen Elizabeth and King Mahendra was a Nepal army elephant with men armed with submachine guns as a bodyguard. There was another elephant with an army radio. Near by was an elephant carrying an Indian army medical team prepared to administer blood transfusions.

QUEEN DOESN'T HUNT

Circling around behind the hunters and spectators was a bar elephant, with a man from Calcutta's leading hotel serving beer and soft drinks.

That kind of hunting has drawn the ire of animal lovers in Britain.

An injured finger has kept Prince Philip from engaging in Nepal shoots. The queen has confined her shooting to camera and films.

2 PLANES ARE FORCED DOWN

CLARION, Pa. (AP) — Heavy fog, rain and sleet forced two single-engine airplanes to land Wednesday — one on a private landing strip and the other in a nearby farm field.

No one was injured. Both planes were en route to a Kenosha, Wis., Army base from Lock Haven, Pa.

Blinker lights on an ambulance and a wrecking truck helped guide the one plane to a safe landing on the airstrip. Frank Kadonsky was at the controls and crewman Robert Bracken was aboard.

The plane buzzed the strip for about 45 minutes before getting help.

The other plane, a Piper Colt piloted by William Lewis, landed on the farm of Clarence Siegel, two miles north of nearby Fryburg.

Kadonsky, Bracken and Lewis had flown to Lock Haven together in the one plane to pick up the new Piper Colt for the Army base.

TROOPER MAY NEED SURGERY

PITTSBURGH (AP) — State trooper Leonard P. Straple — gunned down near New Castle on Feb. 13 — may have to undergo more surgery on his bullet-shattered arm, says Dr. Ralph Markely.

The surgeon said Straple's arm has not responded to treatment and an operation may be necessary to repair some severely damaged blood vessels.

Trooper Straple has been transferred from the New Castle Hospital to Presbyterian Hospital in Pittsburgh in case the operation is necessary.

Straple was shot three times by the driver of a station wagon which he had stopped for speeding. Later, police caught up with the station wagon and nabbed Thomas Ferriman, 23, of Chippewa Lake, Ohio, and Max S. Parsons, 20, of Tampa, Fla.

Police said Ferriman has admitted doing the shooting. Both men are wanted for questioning in other states concerning several armed robberies.

NINE CARS DERAILED

PORTLAND, Pa. (AP) — Nine cars of a Lehigh & New England Railroad train derailed near here Wednesday, damaging a large section of track. No one was injured.

A railroad spokesman said it may be several days before service is restored. He added that the cause of the derailment has not been determined.

The train was en route from Pen Argyl to Maybrook, N.Y.

CHILD KILLED

ROARING SPRING, Pa. (AP) — Jeffrey Smith, 6, of Hollidaysburg R. 1, was killed by a car Wednesday on Route 36 about two miles from this Blair County town. He was returning home from school.

PROMISES TWO SCHOLARSHIPS WHEN ELECTED

HARRISBURG (AP) — A bus driver who wants to be a tax collector has offered to distribute part of his salary to worthy causes if he is elected to the job.

Ernest J. Peck, 49, who has never before run for office, said Wednesday that, if the voters of suburban Lower Paxton Twp. would elect him tax collector, he would set up two \$1,000 scholarships yearly for township students.

He also promised to distribute 10 per cent of his gross commissions to township fire companies and make annual contributions for Christmas gifts for the needy.

Peck, who has been a bus driver for 26 years, estimated that the tax collector job would pay between \$8,000 and \$12,000 annually on salary and commission.

ONE HITCH

The township school district pays the tax collector a flat annual salary of \$4,000. The county and the township pay him commissions of 3 per cent on gross taxes.

There's one hitch to Peck's plan. A bill pending in the state legislature would give townships the option of putting tax collectors on flat salary.

If the bill is enacted and his annual salary as tax collector went below \$8,000 a year, he said, the scholarship plan would go by the boards.

J. Edward Dehner, the current tax collector, is not seeking reelection. Peck does not have the GOP organization support for the party nomination but he already has filed his nominating petitions for the May 16 primary election.

Demerit System Shows Good Results

CHICAGO (AP) — Driver demerits in the violation point system in Wisconsin have caused license suspensions to increase 18 per cent, reports the Council of State Governments.

The plan, installed three years ago, adds a set number of points against a driver's record. When demerits reach 12 points in one year, 18 in two, 24 in three, the license is revoked.

The council says while Wisconsin driver suspensions have increased, traffic deaths have dropped about seven per cent.

Missile Scores Hit Day Before

BALTIMORE (AP) — A crew member of the U. S. Canberra, Seaman Gil Jory of Baltimore, wrote home with some startling news after the cruiser's recent goodwill tour.

"A new time barrier was broken," he said, "when Canberra, firing one of her famous Terrier missiles from west to east across the International Date Line, accomplished the hitherto impossible feat of firing a missile on one day and intercepting the missile target the day before."

VIENNA POLICE ARE TALENTED IN ALL FIELDS

By ERIC WAHA

VIENNA (AP)—Vienna's "traffic Toscanini" has been sidelined. Policeman Josef Lukits, one of several oddly-talented members of Vienna's police force, is a victim of modernization.

Gone are the days when the handsome officer directed traffic on the Ringstrasse like a famous maestro conducting a molto vivace music piece.

Like a true Viennese, he has music in his blood.

His instrument was his whistle, his baton his white-gloved hands. "Let's go Franzl" (little Frank), he shouted to hesitant motorists, pointing a white-gloved finger in one direction while thumping along another motorist with his other hand.

Every motorist was Franzl to Lukits. Nobody minded it. In fact he became extremely popular.

What made Lukits so popular? "If he had a mustache, he would look like Schani Strauss (Johann Strauss)," sighed one female.

Maybe that was the answer. Now "his" crossing at the busy Ringstrasse-Babenbergerstrasse is one giant construction site. A passenger's subway is being built. Many months will pass before it will be finished.

Lukits is at a secondary crossing, operating the handle of a

consin driver suspensions have increased, traffic deaths have dropped about seven per cent.

traffic light. It's like Herbert von Karajan conducting a brass band.

No wonder Lukits only lives by his reminiscences. "I was the first to apply 'liquid traffic' in Vienna," he recalls. "Before that, policeman used only 'halt' and 'go ahead' hand signals."

"I was told several times by my superiors to give up directing traffic 'like a conductor,' and I did that for three days. When traffic piled up at my crossing, the orders were reversed quickly."

Vienna's police force also has other talents.

One is policeman Rudolf Ifkovics, 45. He speaks 10 languages.

With small metal shields on his chest indicating the languages,

he looks like a Russian general at a victory parade.

RECORD HOLDER

Of Vienna's 8,000-man police force, 400 speak foreign languages, about 20 of them more than one.

Ifkovics is the record holder.

Why doesn't he become a tourist official or seek a more lucrative job?

"I like my work in the police because it's very interesting. I meet many people and can be helpful in many ways," the police officer said.

And, like St. Stephen's, he is one of Vienna's landmarks. He has been photographed probably as often.

Found Guilty By Humanitarianism

SPARTANBURG, S. C. (AP)—A speedy conviction was returned in Criminal Court here recently in a drunken driver case.

The jury gave its guilty verdict after witnesses testified that the driver staggered from his car and up to a dead cow, killed when struck by his vehicle, and remarked in slurred tones:

"This man seems to be hurt pretty bad. We better get him to a hospital."

Three retiring presidents — John Adams, his son John Quincy Adams, and Andrew Johnson — refused to attend the inaugurations of their successors.

RUSSIAN K WON'T ATTEND U. N. OPENING

By PRESTON GROVER

MOSCOW (AP) — Against a background of mounting Soviet hostility toward the Kennedy administration, Premier Khrushchev has decided to stay away from the start of U. N. General Assembly session next Tuesday and send Foreign Minister Andrei Gromyko to head the Soviet delegation.

Moscow radio announced the makeup of the delegation Tuesday night. Khrushchev was not on the list. This doused speculation that Khrushchev would go to U. N. headquarters for the meeting as a prelude to talks with President Kennedy.

Diplomats felt that Khrushchev decided not to attend the assembly—at least at the start—because the time is not yet right for a meeting with the new president, who is still working out his foreign policies.

ATTACK JFK POLICY

In addition to Gromyko, Deputy Foreign Minister Arkady Sobolev, former chief Soviet U. N. delegate, will be in the delegation.

An article in the government newspaper Izvestia indicated that as the Kennedy administration comes up with its own policies, they are not to Moscow's liking. Izvestia said it had sensed hints of a "thorough cleaning of Gen. Eisenhower's Aegean stables with the coming of a new boss to the White House."

"Now, toward the end of February," Izvestia went on, "the impression is that Washington has got used to the stink of the uncleaned stables."

In one of the sharpest Soviet attacks on the new administration, it singled out U. S. policy in Asia and Africa and called the policy two faced. The government organ accused the United States of attempting to show a friendly face toward emerging nations on the two continents while actually working with colonial powers.

TAX AGENTS TO GET EXAMS

The Internal Revenue Service will offer a special enrollment examination on September 27 and 28, 1961, for persons, other than attorneys and certified public accountants, who wish to qualify for practice before the Treasury Department, Edgar A. McGinnis, Philadelphia District director, announced today.

Enrollment to practice is required of persons who wish to represent clients before the department in tax matters, as well as in certain other actions.

In the Philadelphia District, the examination will be given at the Philadelphia District Headquarters Office, U. S. Courthouse, 9th & Chestnut Sts., Philadelphia 7, Pa.

Applications to take the examination, and other information may be obtained from examination coordinator, Victor E. Cianfrani, at the district office.

The completed application forms should be mailed to the Director of Practice, Internal Revenue Service, Washington 25, D. C., together with a check in the amount of \$25 payable to the treasurer of the United States. Requests for applications now are being accepted. The deadline for submission is July 1, 1961.

This will be the third such examination since the Treasury Department modified practice requirements in 1958. Approximately 1,400 candidates took the examination in 1960.

Team, Bigham's Real Estate — 619 and 1627; Individual, Shirley Spahr — 200; Eleanor Cunningham — 470.

What has this severe winter done to your car?

The heavy snow, the zero temperatures, the ice and the salt and chemicals spread upon the highways, the deep and plentiful pot-holes in the pavement certainly must have taken their toll. Perhaps you cannot tell; but, your garage man or service manager can.

So, as soon as the weather breaks for good, ask your service man to make the following car checks:

1. Tune-up motor.
2. Service the cooling system.
3. Check the battery.
4. Lubricate the chassis and wheels, transmission and differential.
5. Tighten body and chassis bolts loosened by bumping and twisting through snow and out of ruts and holes.
6. Inspect shock absorbers.
7. Check wheel balance and alignment.
8. Adjust brakes.
9. Examine tires for cuts or abrasions or damage from salt, chemicals or moisture.
10. Examine exhaust system, from muffler through tailpipe.
11. Wash and polish car's finish.
12. Clean sludge and muck from chrome and metal underparts of car.

America's oldest apartment house still stands proud and silent some 68 miles north of Tucson, Ariz.—just a stone's throw from U. S. Highway 80-89 near Coolidge, Ariz. It is Casa Grande National Monument—one of three such monuments near Tucson. The others are Saguaro National Monument, 17 miles east, and Tumacacori National Monument, 47 miles south on U. S. Highway 89.

Some 2,000 years ago the Hohokam Indians lived in Central Arizona and cultivated the arid soil by long irrigated canals. They raised pumpkins, squash, beans, and corn in the fields.

In 1150 A. D. they were joined by the Salado Indians and the two tribes mingled peacefully. They constructed walled villages including the four-story watch tower Casa Grande, which served as an enemy lookout post for the 20,000 inhabitants.

Around 1450 the Indians disappeared; leaving no record of future existence. The village fell into ruins except for Casa Grande which was so named by Father Kino who passed through the area in 1694. It means "large house" in Spanish.

The ruins stand 40 feet high, and have 11 rooms. It was constructed of adobe-wet-mud by packing in wicker frames which were later removed. The walls are four feet thick at the base and taper to 18 inches in the top.

Today the ruins rest under a steel canopy-built for protection from desert winds and water.

For many years it was a landmark for westward travelers, and vivid descriptions led President Benjamin Harrison to declare the ruins a preserve in 1892. Casa Grande was taken over by the National Park Service in 1918, and is one of the most popular tourist attractions in the southwest.

Here are a few more unusual headlines from Ray Erwin's column in Editor and Publisher:

Chris Butler, Orlando (Fla.) Sentinel: "This one was written over a Paris fashion story by Bill Summers in the Orlando Evening Star: 'Designer Decree: See Zee Kneel, Oui.'"

Robert A. Juran, Hartford, Conn.: "When I was wire editor of a Michigan daily, I wrote this head over a piece about Sid Caesar's TV show being killed by rising costs: 'Et Tu, High Costs? Then Fall, Caesar!' But the best I've ever seen was about five years ago in the New York Daily News, when an unlucky burglar was caught immediately: 'Burglar Robs House, But It's a Bungle-O.'"

Says Swimming Pools Dangerous

HARVARD, Ill. (AP) — Swimming pools, a pleasure to some folks, often are a menace to children and wildlife.

The National Swimming Pool Institute headquarters here says the backyard plunge needs fencing in and covering to provide a safety factor that is required by law in some areas.

The fences of hedges or walls and wire reduce wind velocity so that the pool area is warmer. Covers make it impossible for a wandering child to fall into a pool. It also prevents small wild animals from becoming trapped.

Says Some Folks Too Church Active

COLUMBUS, Ohio (AP) — There's such a thing as being too active in the work of tire church, a Presbyterian minister says.

The Rev. William D. Boder Jr., Presbyterian Church in suburban Lincoln Village, is urging congregation members who are leaders in several church organizations to turn some duties over to less busy persons.

"Community and church activities and projects are fine, and accomplish important things," the clergyman says, "but we mustn't let them break the family circle. We only have our families for so long, and we won't have the chance to share our lives with them again."

SHEPARD EYES FIRST TO FLY IN SPACE SHIP

Editor's Note—Among the three astronauts now picked for final space flight training, none is more eager to be the first aloft than Alan Shepard. This is the last of three articles on the trio.

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP)—"He is always reading technical manuals and the big policy type journals, the kind the admirals and generals say should be read. He is one of those lucky men—his work is his hobby."

Louise Shepard once gave this nutshell assessment of her husband, astronaut Alan Bartlett Shepard Jr., 37, one of three men now training to become the first U. S. spacemen.

This complete dedication to his work is one reason the Navy commander is among the final three, one of whom will be lifted on a pioneer space journey perhaps as early as April.

BASED ON FITNESS
Robert Gilruth, Project Mercury director who selected the trio from the seven original astronauts, said the choice was based on physical fitness and superior performance in training. The man who takes the initial flight will be picked in the same manner.

Shepard wants to be that man. He summed up his feelings this way:

"There are lots of answers why I want to be the first man in space, but a short answer would be this: The flight obviously is a challenge and I feel that the more severe challenge will occur on the first flight and I signed up to accept this challenge."

The crew-cut Shepard, a native of East Derry, N. H., has accepted challenges all his life.

NAVAL ACADEMY GRAD
He was graduated from the U.S. Naval Academy in 1944 and saw World War II action in the Pacific aboard the destroyer Cogswell. He entered flight training after the war and served aboard Mediterranean aircraft carriers, then became a test pilot.

He flew high-altitude research missions, helped develop the Navy's in-flight refueling system and contributed greatly to research on carrier landing techniques.

As a test pilot Shepard had several narrow escapes, with engines flaming out and canopies ripping off at high speed.

SEEKS KNOWLEDGE
Because of his intense interest in acquiring knowledge, Shepard excels in the "school work" of the astronauts. This includes instruction in astronautics, particularly ballistics, trajectories, fuels, guidance and other aspects of missile operations, space environment, meteorology, astronomy, astrophysics and geography. In space flight, the pilots will be required to make scientific observations in these areas.

Off-duty, Shepard spends as much time as possible with his wife and two daughters, Laura, 13, and Juliana, 9.

REPORT GREAT PREHISTORIC FIND IN WEST

By PAUL FINCH

RENO, Nev. (AP)—Archeologists admitted today they have been secretly working for 18 months on one of the most important prehistoric finds in the history of Nevada.

Three Sparks, Nev., men stumbled into one of the relic-rich caves, forcing officials of the Nevada State Museum and the Desert Research Institute of the University of Nevada to acknowledge the project.

Officials still are keeping secret the exact location of the caves to prevent vandalism.

It is believed, however, the find is at the site of ancient and now-dry Lake Winnemucca, part of the defunct Lake Lahontan which once covered most of northwestern Nevada.

FIND THROWING STICK
The Sparks trio discovered a cave containing a baby's skeleton, wrapped in fibers and animal hide, well-preserved artifacts, and water baskets still capable of holding water.

The trio—Jim and Bob McKinnon and Paul Dinan—also found a rare throwing stick about 18 inches long, grooved at the end for holding an arrow or dart point.

Only about 12 of these sticks have been found in the United States and only one other has been found in Nevada. It is estimated more than 2,000 years old.

Richard Shuttler Jr., archeologist of the museum and the Desert Research Institute, said the artifacts of the caves also include a "beautiful chert knife," matting, cordage, shell horns and beads. The beads and shell horns have been traced to California prehistoric dwellers, indicating some trading took place.

Artifacts are the products of primitive art. Chert is impure flint-like material.

World Briefs

RABAT, Morocco (AP)—Three Arab leaders of North Africa were meeting in a "little summit" conference here Wednesday that may broaden the way for eventual peace in Algeria torn anew by

bloody Oran rioting.

The three, brought together in mourning for the late King Mohammed V of Morocco, are the dead monarch's son King Hassan II, President Habib Bourguiba of Tunisia and Ferhat Abbas, head of the Algerian nationalist rebel regime.

MOSCOW (AP)—Nikifor Kal-

chenko, one of the farm belt leaders denounced by Premier Khrushchev in his drive to reform Soviet agriculture, has been dismissed as premier of the Ukraine and sent into political asylum.

NAIROBI, Kenya (AP)—For the first time, Negroes took control of Parliament in this British East African colony Wednesday with

the African National Union—Kanu—headed for a dominant position. With results in for all but four of the 53 elective seats, Kanu won 16 of the 33 open seats contested almost entirely by Negro candidates.

MOSCOW (AP)—The Lithuanian Supreme Court has sentenced three men to death for war

crimes. They were accused of killing thousands during the German occupation of Lithuania.

YOKOHAMA, Japan (AP)—Seven tons of natural uranium for Japan's first domestically produced atomic reactor arrived Wednesday from Canada.

PERIGUEUX, France (AP)—

Graham Ogden Hatfield, 39, had a minor automobile accident Tuesday. For the officer making out the accident report it created an international headache. Hatfield was born in England, is an American citizen, works in Germany and maintains a residence in Switzerland.

LONDON (AP)—A toy shop

Plan Bill To Fine Speeders \$2 For Each Mile Over Limit

HARRISBURG (AP) — An administration plan to curb speeders by hitting them in the pocketbook drew critical comment today from a State Motor Club official.

The proposal, introduced in the House Tuesday, would add a \$2 fine for each mile per hour in excess of the speed limit. This would be in addition to the present fine of \$10 and costs for speeding convictions.

The administration bill also would turn over the extra fine raised through the \$2 assessment to the general fund, a feature which is expected to draw concentrated opposition from motorist groups.

"We'd be opposed to it," said C. E. (Bus) Pugh, executive director of the Pennsylvania Motor Federation (AAA). "Our lifelong position has been that those fines belong in the motor vehicle fund."

LONG HARD LOOK

As for the fine, Pugh commented:

"I'd have to give the bill a long, hard look. But, philosophically, I don't think a fine is going to improve their driving habits."

Alaska and Virginia have such a system for fining speeders.

The bill was sponsored by Rep. Stephen McCann, the Democratic floor leader.

Both House and Senate were in recess today until Monday.

Meanwhile, Gov. Lawrence late Tuesday signed into law a bill to accelerate payment of the bank shares tax and to make the tax permanent at eight mills.

The scratch of the governor's pen climaxed a day which began with the Senate giving unexpected approval to the measure, designed to raise \$1 million for the present biennium ending May 31. It requires advance payment of 80 per cent, rather than 50 per cent, of next year's taxes this spring.

ONE REVENUE BILL

Its passage and enactment into law left only one of the governor's revenue raising bills still awaiting Senate approval. The House passed the entire \$180 million package earlier last month.

Hanging in the Senate is the proposal to eliminate the two per cent

MARY ASTOR IS FINDING PEACE WITH WRITING

By BOB THOMAS

HOLLYWOOD (AP)—"After 40 years, the glamor wears off." This was Mary Astor's frank view of yet another turn in her record movie career.

The actress started in films back in 1920. She has played everything from ingenues to character parts with an Academy Award in between ("The Great Lie"—1941). She has had more comebacks than Sugar Ray Robinson and may be due for another—which she doesn't want.

Miss Astor just finished "Return to Peyton Place." It was her most important role in several years, and several impartial sources predict she'll walk away with the movie.

LIVES ALONE

To query her about this new development, I journeyed up the curving California coast to Trabancas Beach, where she lives alone in a cliff-hanging house overlooking the sea. She looked less like an actress than a freckled, middle-aged authoress, which she admitted.

"I hate to leave this place," she said, gazing around the long, glassed-in living room and the desk where she writes.

"Even for a meaty role?" she was asked.

"Yes. After 40 years, you get tired of the routine of getting up at 5 in the morning and working a 12-hour day. Nowadays I view acting as a craft. It's a nice thing to have, and I work as much as I want—five or six TV shows a year and a movie every two years."

HELPED BY PRIEST

Miss Astor's discovery of writing came as the result of a personal crackup a few years ago. Beset with personal and career woes, she took the familiar escape of drink and despair. She got back on her feet with the aid of a Catholic priest, who urged her to write her life story as a form of therapy.

She converted the material into

an autobiography, "My Story," which created something of a stir when it was published. She then tried her hand at fiction. A novel, "The Incredible Charlie Carew," was published last fall. She's now working on another one, "Baby-Kate."

Her writing labors were interrupted by "Return to Peyton Place."

"I was fifth choice for the part," she said. "That didn't bother me a bit. I didn't think much of the role when I read it the first time; I could see why the other girls turned it down. But I knew it had possibilities, and I think they were realized in the final script."

"The other girls" were Joan Crawford, Bette Davis, Margaret Leighton and Ilka Chase.

She talked more enthusiastically about her new novel, a saga of a small-town California family. Would she ever quit acting for the typewriter?

"Let's face it—you can't make a living from writing," she said. "I act to buy time to write."

"Would I ever stop acting? If I had a million dollars—you bet!"

KARLSRUHE, Germany (AP)—The West German Supreme Court Wednesday convicted house painter Erich Engelhardt of spying for the Soviets and sentenced him to 2½ years in jail. He specialized on gathering information about American troops stationed in Germany.

MISSSES DEATH ONCE, THEN IS CRASH VICTIM

OIL CITY, Pa. (AP) — Two

weeks ago Wednesday a young Navy pilot was flying over Florida when something went wrong with his attack bomber.

Lt. (J.G.) Sherwood E. Gifford Jr., 29, a native of Oil City, ejected himself from the jet and parachuted safely to earth. The bomber crashed and burned near Jacksonville.

"I am very thankful it turned out the way it did," Gifford said later in a telephone conversation.

Choir organizational meeting will be held following this service. All members 14 and older are invited to join the choir.

The ULCM met on Wednesday at 7:30 p.m. at the home of Mr. and Mrs. Lester Bentzel. The program was a Bible study conducted by the Rev. Mr. Howells.

The VFW Post donated \$25 to the Girl Scouts at a recent meeting. Officers will be nominated March 9, and the election will be held March 23. The post bought another hospital bed, wheel chair and two more pairs of crutches. A shrimp feed will be held April 16 at the post home.

with his father, Sherwood E. Gifford Sr. of Oil City. "It's the kind of thing you never think will happen to you — only to the other fellow."

KILLED TUESDAY

Mrs. Gifford said her son seemed very "shook up" after his escape.

Tuesday the Giffords received terrible news. Their son was killed. The Navy said Gifford's Skyhawk bomber plunged to the ground at Guantanamo Naval Base, Cuba, while he was on a training mission Monday.

Gifford, a graduate of the U.S. Naval Academy, was commissioned an ensign in 1957. He had married the former Catherine L. Byrd of Greenville, Ala., and they had a son, John S. Gifford, now 10 months.

MOTHER WON'T FLY

They lived at Jacksonville where Gifford was attached to Attack Squadron 44.

Funeral services are to be held in Greenville, but a date has not been set.

Gifford's parents plan driving to Greenville, Mrs. Gifford said she doesn't want to fly.

TOKYO (AP) — Japan and the Union of South Africa have agreed to exchange embassies thereby restoring full diplomatic relations for the first time since the war, the foreign ministry announced Wednesday.

One Of Three Astronauts Says His Career One Of Service To His Country

Editor's Note—Will the first man to go soaring into space be able to see the stars? Virgil Grissom doesn't think so. One of the three U. S. astronauts tabbed for final preparations for manned flight, Grissom himself may soon be the man to settle the question—and many others. Second of three articles on the space pioneers.

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—Astronaut Virgil Ivan Grissom sat tensely in a mock spaceship, watching a myriad of dials and gauges, listening to information crackling in his earphones and frequently moving a finger to a switch or lever.

"141 seconds—capsule separated," barked the voice in the earphones. "290 seconds—you're at 100,000 feet, coming down. 42,000 feet, drogue parachute open. You are at 10,000 feet, main chute deployed. 948 seconds, capsule impacted."

ON GROUND MISSION

Grissom, 34, garbed in a Project Mercury space suit, was flying a ground-based space mission which simulated everything that will happen, so far as instruments go, on a manned flight expected within two or three months.

The Air Force captain may be the pilot on that historic first flight. He is one of the three men now undergoing final training for the daring mission. The others are John H. Glenn Jr. and Alan B. Shepard Jr.

"I'd like to be the first like all the rest of them," Grissom told newsmen after the simulated flight was over. "But the most important thing is to get it done and get it done right. So I think all of us want the best qualified man to go first regardless of who he is."

LEARN CAPSULE SYSTEM

The statement is typical of Grissom. In replying to reporters' questions, his answers always are short and direct. Thus he complements the voluble Glenn and the exuberant, wisecracking Shepard.

The three space pilots each will average five or six flights a week in the simulator between now and the time a Redstone missile thunders away from the Cape with a manned capsule on its nose.

"The idea is to acquaint us as much as possible with all systems of the capsule," Grissom explained. "The simulator contains every instrument which is in the actual spacecraft."

"The flights are not constant repetition. On any one rehearsal the engineers might introduce three or four unexpected failures

or emergencies which we must learn to cope with. By the time one of us takes a rocket ride, we'll be ready for almost any emergency."

CRACK TEST PILOT

He explained these built-in "failures" consist mostly of certain equipment malfunctions. The astronaut is geared to shift to a backup system or operate faulty equipment manually in case of trouble during flight.

Grissom, whom the other astronauts call "Gus," is no stranger when it comes to testing new flight vehicles. As a crack test pilot, he has broken in many new planes, logging 3,400 hours of flying time, 2,500 in jets. He flew 100 missions as an F86 fighter pilot in Korea, winning the Distinguished Flying Cross and an Air Medal with one cluster.

IS PURDUE GRADUATE

Grissom is a native of Mitchell, Ind., and a 1950 graduate of Purdue University, where he earned a degree in mechanical engineering. He entered the Air Force during World War II and afterward decided to make a career of the service. He married the former Betty Moore of Mitchell. They have two sons, Scott, 11, and Mark, 7.

Why did he volunteer for manned space flight? "My career has been in the service of my country," he once replied "and here is another opportunity to serve."

NIXONS GIVEN FINE WELCOME

LOS ANGELES (AP)—Ex-Vice President and Mrs. Richard M. Nixon relaxed Wednesday after a noisy "welcome home" airport reception during which they shook hands for more than two hours.

The Nixons looked fit as they stepped from a twin-engine Convair after four days in the Arizona sun and assured a throng of well wishers at International Airport: "We're glad to be back."

Nixon drew a laugh when he added, "Of course we didn't expect to come back exactly this way."

George Dorian, chief of the Department of Airport Security, estimated 2,500 persons were on hand. Many carried Nixon banners or photographs and the Whittier High School band played "California, Here I Come."

Nixon termed the reception "deeply moving."

LABOR UNION RACIAL BIAS ISSUE FLARES

By NORMAN WALKER

MIAMI BEACH, Fla. (AP)—A feud over racial bias in labor unions has flared again in the AFL-CIO high command.

The argument pitted George Meany, federation president, against A. Philip Randolph, Negro president of the Brotherhood of Sleeping Car Porters.

The Meany-Randolph clash marked the concluding session Tuesday of the AFL-CIO Executive Council's winter meeting. The men have argued before on the same subject.

NOT FAST ENOUGH

Meany maintained the AFL-CIO is making steady if slow progress toward eliminating union discrimination against Negroes. Randolph retorted that

sunburned, offered to shake hands with every person present—something he said he wasn't able to do during the hectic days of the 1960 presidential campaign rallies.

Mrs. Nixon grinned when her husband detailed their immediate plans.

"Like everyone else coming into California these days," he said, "we have three things to do—look for a house, look for a job and get a California driver's license."

restive AFL-CIO Negro members feel little is being accomplished and insist on drastic remedies.

Randolph, in effect, accused Meany himself of being too lackadaisical in efforts to end Negro job bias.

He remarked that Meany acted with more zeal in dealing with union corruption and in arranging the AFL-CIO merger.

DIRECTOR RESIGNS

There was one immediate effect. Charles Zimmerman resigned as director of the federation's Civil Rights Committee, which Randolph criticized as ineffective. Randolph demanded a Negro take over that post.

Randolph, only Negro member of the 29-man AFL-CIO council, proposed a series of sweeping steps to his colleagues. One called for expelling any AFL-CIO union that failed to abolish in six months all discriminations or segregation.

The Randolph proposals were put aside for study until the next council meeting in June. Instead, a new policy statement was adopted calling on all AFL-CIO unions to step up racial equality efforts and to establish civil rights units in each union.

TRUCKER KILLED

EBENSBURG, Pa. (AP)—A car and tractor-trailer collided on U. S. 22 four miles west of Ebensburg Tuesday, killing Lawrence Nace, 45, of Ellitsburg R. 1, the truck driver.

Police said a flagstone on the truck slid forward after the crash and crushed Nace. The driver of the car, Calvin K. Clement, 52, of Apollo R. 4, was not hurt.

ADVERTISE IN THE TIMES

DRAW STRAWS FOR TOP POST

MEDIA, Pa. (AP)—Judge Harold L. Ervin says he and Judge J. Colvin Wright of Bedford will draw straws in Harrisburg in the next few days to determine who

will be president judge of the state Superior Court.

Ervin, of Media, and Wright both are second in seniority on the seven-man tribunal. The incumbent president judge, Chester H. Rhodes, plans to retire shortly.

The secretary of the commonwealth will hold a hat while Ervin and Wright draw the straws, Ervin said today. The man with the longer straw will be the next

"chief" judge.

Blair Gunther would have been the next president judge, but he lost a re-election bid to Gerald F. Flood. Wright was appointed to the bench on Feb. 23, 1953, but his election to a 10-year term took place in November of 1953—the same time Ervin was elected to the court. Election, not appointment, fixes seniority in filling the

job of president judge. Actually, Robert E. Woodside has been on the high court since October of 1953, but his election to a 10-year term came in November, 1954.

The Los Angeles Dodgers stole 14 bases against the Pittsburgh Pirates last season. The Pirates stole one against Los Angeles. Bob Skinner stole it.

Hong Kong Night Club Menus List Names Of Hostesses And No Reference To Food, Drink

By BOB THOMAS
AP Movie-TV Writer

HONG KONG (AP)—The thing that impresses this observer of the show world is the diversity of nighttime entertainment across the Pacific. And it's live! That's the refreshing part to American visitors, who are used to getting their entertainment from movies, TV, records, juke boxes and other canned forms.

Out here, show business is live and lively. Take the Hong Kong dance palaces, for example. When patrons walk in, they are given a menu. But it doesn't contain the food and drink; it lists the hostesses by name.

"SAVE FACE"

By theory, the dances run from 4 to 7 and 8:30 to midnight. That's when the orchestra plays, but most of the girls are there only from 5-6 and 10-11. Reason is the Eastern tradition of saving face. They don't want others to think they are too eager to arrive early or too unpopular to stay late.

Night clubs are booming in Japan. None of them is cheap. Many an American tourist has blundered into them with confidence in the low standard of high living, then howled to get a \$40 bill for a few drinks.

How do the Japanese afford such high tariffs?

"In America, the expense account is a craft," said one expert observer. "In Japan, it is a polished art."

TAME FLOOR SHOWS

The Japanese floor shows seem fairly tame by American standards. For a \$2 cover charge, one big club offered a tempestuous Japanese girl who did a couple of Latin dances (no strip) and a pair of American tap dancers.

Some clubs feature more elaborate productions, but nothing on a Las Vegas standard. However, more acts are being imported from the U.S. for brief runs — names like Earl Grant, Kingston Trio and soon, Sammy Davis Jr.

Honolulu night spots are mostly small and rely on local talent. The quality of the music is excellent, with accent naturally on guitars and falsetto crooning. The hula is always surefire with the tourists, as are the knife and fire dances.

TAHITI NIGHT LIFE

Tahiti has a night life all its own. It consists of wild dancing—singly or in pairs—at such waterfront joints as Quinn's and Bar Lea. When they close down around 11, everyone hops on bicycles and motor scooters to ride miles up the coast to Lafayette's, where the dancing continues into the morning.

Ah, Tahiti! On that idyllic note, I end these Pacific chronicles.

HEALTH IN RHYME TIME

Addicts start the habit young. Average 15, some are younger. The need for drugs increases to meet the growing hunger. The craving addict searches to obtain illicit drugs. With money however it's come by. To pay dope-dealing thugs. For addicts hooked and helpless. Their only hope is to be in a proper institution. Providing for therapy.

Buying a USED CAR?

Timely Tips That Can Help Protect Your Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.
3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed-up."
5. BUYING from a NEW CAR DEALER is your BEST BET. . . . Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.
6. Insist on knowing where the Used Car came from. "Ask who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.
7. New Cars bought from Used Car Dealers . . . REMEMBER, only the New Car Dealer is authorized to extend a FACTORY WARRANTY to a buyer, NO ONE ELSE.
